

product, which is now produced by the company at Wilmington, Del., New Johnsonville, Tenn., and Antioch, Calif. Du Pont's fourth titanium dioxide plant would use the chloride method of manufacture, developed by Du Pont and considered environmentally superior to the older sulfate method. Both the Antioch and New Johnsonville plants use the chloride method. The plant at Wilmington, oldest of the three, currently is being converted to the chloride method in a major expansion.

Pastor of Our Lady of the Gulf Church. (See story Page A-2) (Photo by Bob Hubbard)

HUD Certification Deadline Nears

next application for certification to HUD.

The Hancock County circuit clerk's office announced this week that all jurors who served during the second week of the October term of circuit court should report back at 9 a.m. Nov. 2 for jury duty.

The states of Louisiana and Mississippi will join with the federal government in a series of landmark meetings this week in an effort to tap the nation's vast storehouse of scientific and technical resources to help solve everyday problems faced by state and local governing bodies and their constituents.

health, environmental pollution control, energy and mineral resources, public administration and welfare, economic development, agriculture, forestry and recreation, and public safety. The panels will be chaired by key individuals from the governments of the two states.

The panels will seek to identify major problems from the state's point of view acquiring and using federal technical assistance in all forms.

The workshop is a project sponsored by the National Science Foundation under its new Experimental Research and Development Incentives Program. The study will run through the end of February, 1974, and will result in recommendations to the National Science Foundation for future action.

Bay, County
Observe Holiday

The Bay St. Louis City Hall and the Hancock County Court House will be closed Monday Nov. 12 in observance of Memorial Day. Bay St. Louis mayor Warren Carver said that garbage pickups would also be one day later than usual because of the holiday.

College Night Set For Students

High school juniors and seniors and their parents are invited to attend "College Night," Wednesday, Nov. 14, at the West Ballroom of the Sheraton-Biltmore Motor Inn, Biltmore. This is a new feature added to the program of the Biltmore Educational Fund.

"The problem, as I see it," said Mayor Warren Carver, "is not in making the inspection but in implementing the needed corrections when the occupant has no means to do it."

Morris said that the benefit of the inspections is that the city has all this information on file that can be used for future financing.

"These housing inspections are designed to help the homeowner discover just what needs to be done on his property to meet housing standards," Morris said.

Morris also strongly advised the city that it have a housing "board of appeals." This, he said, would be the only body that could grant a waiver after a code was adopted by the council. Morris also recommended that the city not have any elected officials on the board.

"Usually," he said, "we recommend a retired builder—someone who can give some expertise on housing standards—or a retired doctor or nurse who could provide knowledge of health standards."

Sample said that the group was also interested in the city's present zoning codes, and what changes, if any, there had been in the codes. Carver said that there had been no changes.

Sample said his office would like the city to include in its application the name of the person who receives any zoning requests. This would be the chairman of the Zoning and Planning Commission. Paul Vegas, Carver said.

Sample said that the planning and programming part of the city's application would consist of an identification of problem areas and options of long range goals and how the city intended to overcome these problems.

In the area of housing and relocation, Singletary said that his office was concerned mainly with trying to get cities to encourage more private developers to build housing that HUD

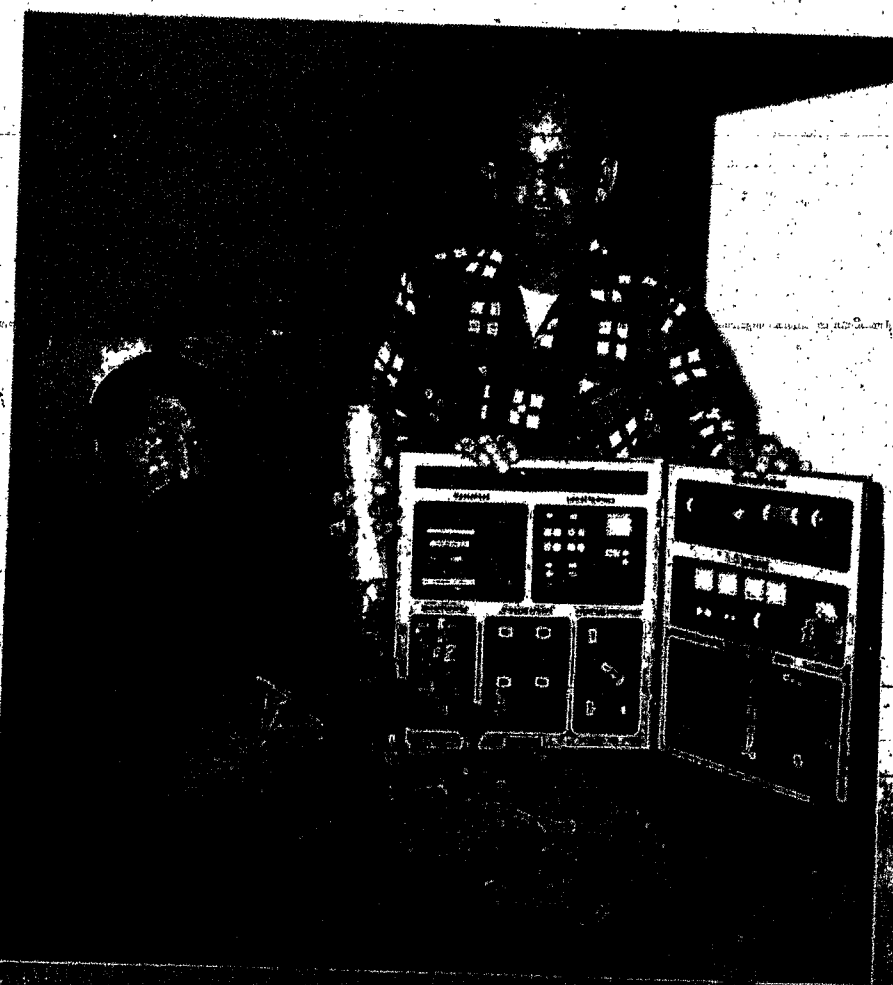

He also requested that the council submit a list of all planning commission members to include some background information on them and how many minority members were on the commission.

Singletary said that his office also felt that a citizen advisory group was

(Continued on Page 10-A)

Chamber Meets Friday

The Hancock County Chamber of Commerce will host a special meeting tomorrow afternoon at the chamber offices to assess developments on location of a hospitality hotel in Hancock County. Representatives of all coast chambers, the Inspectors' Association and municipal officers are expected to attend. State Senator Martin Smith will be a special guest at the meeting.

DEATHS

MRS. MAE G. BERTUCCI
Mrs. Mae Gerard Bertucci, 86, wife of the late William Bertucci, died at 7:30 a.m. Tuesday, October 30, in East Jefferson Hospital where she had been a patient for four days.

A native of New Orleans, Mrs. Bertucci had resided in Bay St. Louis for 38 years. Survivors include three daughters, Mrs. James Straughan, New Orleans; Mrs. Amelia B. Hendricks, Bay St. Louis; and Mrs. Florence Tinney, New Orleans; and a son, Edward Nungesser, New Orleans; five grandchildren; six great-grandchildren and two great-great-grandchildren.

Funeral services were held October 31 from P. J. McMahon and Sons Funeral Home, New Orleans. Interment was in Gardens of Memory Cemetery, Metairie, La.

BERTHA L. REAB

Funeral services for Mrs. Bertha Louise Prats Reab, 73, New Orleans, former Bay St. Louis resident, who died at 8:15 p.m. November 4, were held at 2 p.m. Tuesday from the funeral home of Jacob Schoen and Sons, Inc.

Religious rites followed at Claiborne Presbyterian Church with Rev. Marion Reynolds officiating. Interment was in Greenwood Cemetery with Rev. Dwyne Mounier, pastor First Presbyterian Church, Bay St. Louis, officiating.

Wife of the late Christian Reab and the late Francis Prats by first marriage, she is survived by a sister and three brothers.

TOBIN H. UNDERWOOD SR.
Funeral services for Tobin Herndon Underwood Sr., father of Mrs. Fred L. Herlily of Bay St. Louis, were held Tuesday morning from Tharp-Sontheimer-Tharp Funeral Home with Dr. Sherwood Clayton and Rev. Joe Morris officiating. Interment with Masonic rites, was in Metairie Cemetery.

Mr. Tobin died at 6 p.m. Saturday November 3, in New Orleans.

Husband of the late Sophie Durel and Jehane Durel, he is also survived by another daughter, Mrs. Earl F. Knight, New Orleans, four granddaughters and 11 great-grandchildren.

JAMES AUBREY COLLIER
James Aubrey Collier, 37, a native of Bay St. Louis and resident of Mobile, Ala., died at 5 p.m. Wednesday, October 31, at Providence Hospital, Mobile, following a lengthy illness.

He was a member of St. Matthew's Catholic Church, Mobile.

Survivors are his parents, Mr. and Mrs. James J. Collier and a brother, Errol J. Collier, Mobile.

A Requiem Mass was held at 10 a.m. Friday at St. Matthew's Catholic Church, Mobile.

Funeral services were held Saturday from Riemann-Fahey-Funeral Home Chapel, Bay St. Louis with Rev. Oliver Adams, pastor St. Matthew's Church, officiating. Interment was in St. Mary's Cemetery.

Funeral services were held Sunday from Riemann-Fahey-Funeral Home Chapel, Bay St. Louis with Rev. Oliver Adams, pastor St. Matthew's Church, officiating. Interment was in St. Mary's Cemetery.

Holloway Named Chairman

DR. JOE HOLLOWAY

Dr. Joe E. Holloway, dean of the University of Southern Mississippi-Gulf Park, has been named 1973 Christmas Seal Chairman for the Gulf Coast Chapter of the Mississippi Lung Association. Formerly the Mississippi Tuberculosis and Respiratory Disease Association, the Mississippi Lung Association's Gulf Coast Chapter includes Harrison, Hancock, and Jackson Counties. The Christmas Seal campaign funds are used extensively to help control tuberculosis and other respiratory diseases.

Mrs. Marian Lion of Long Beach, president of the local chapter, said that first mailing of colorful Christmas Seals is to be made this week, and residents should shortly begin receiving the traditional stamps.

Dr. Holloway, a native of Carson, is a graduate of Pearl River Junior College and the University of Southern Mississippi, where he has earned the Masters and Doctor of Education degrees. He has previously served as assistant principal and principal in Gulfport public schools and was Director of the Division of Instruction, Mississippi State Department of Education. He was named associate dean of the USM-Gulf Park facility in August, 1972, and only recently was elevated to his present position.

Dr. Holloway is a member of the Long Beach Civitan Club and Long Beach United Methodist Church.

Merrill Praises Board Progress

The Hancock County School Board received encouraging news that they were well along the way toward getting approval of a new high school at Gulfview Elementary at Tuesday's board meeting.

Wallace Merrill, assistant director, division of instruction with the state department of education, said that he was greatly impressed with the board's progress to date.

"You are well ahead of many other boards I have talked to," he said. Merrill said that since the board had already purchased the land for the school, they had greatly reduced their costs.

"The last time I visited you was in 1970 or 1971," Merrill said. "At that time you took an option on some property, and the assessed valuation of that property has risen from 9 to 16 million dollars."

"Frankly I'm impressed with your financial situation," he said, "because many are having serious financial problems."

J.D. Penton, principal of Gulfview Elementary School, submitted a proposed curriculum for the new high school which included 40 credits.

Merrill said that he thought the curriculum was all right. "Of course, you can modify that if necessary," he said. "It seems to me that you have pretty much covered your standard curriculum."

Penton said that he thought a new high school was the key for development of the south end of the county. "I believe a high school will draw more people to move into this area to build," he said. "I feel the board is in favor of this and the public is in favor of this."

"I think the time is right," Merrill said that it only remained for the board to submit the preliminary plans for the school to the state building department.

"You folks are already pretty far along," Merrill said. "We could start, Mr. Merrill, if we just had the money," board chairman Horace Davis said.

Merrill said that as soon as the board saw that their money matched what their costs would be, they could proceed.

The newly organized PTO of Our Lady's Academy in Bay St. Louis will meet Wednesday, November 14 in the school auditorium.

At the last meeting which was presided over by Harold Battalora, president, the following were elected school board members: Michael Haas, Bay St. Louis; Dr. Frank Schmidt, Pass Christian; Mrs. Phil Williams, Waveland. Room mother chairman is Pat Dickinson

and Mert Haas, and Sally James are program co-chairmen. Mary McCarthy is publicity chairman.

The next meeting will begin at 8 p.m. All parents are urged to attend.

"We take pride in the personal attention your prescription receives here."

Bishop Dedicates Academy

The Most Reverend Joseph B. Brunini, Bishop of the Catholic Diocese of Natchez-Jackson, Sunday afternoon dedicated newly renovated and completed facilities of Our Lady's Academy, Bay St. Louis.

The girl's high school, opened in September, 1971, replaces St. Joseph's Academy which closed in 1967.

The \$125,000 improvement program consists of renovations to St. Joseph's Memorial Hall and a new addition consisting of three classrooms, a science laboratory, a home economics room and administrative space.

Our Lady's Academy has co-institutional cooperation with Saint Stanislaus College with joint use of library, resource center, language labs, typing classes, science, and music including band.

General chairman for the improvement program was Michael Haas, Bay St. Louis attorney. Chairman for the fund-raising committee was Norton Haas, Sr. The improvement program was realized through pledges and donations from interested supporters of the school.

Project architect was Bill Argus Jr. and general contractor was G.C. McDonald, Jr.

Participating in dedication ceremonies Sunday in addition to the Bishop were Haas; Joseph H. Benvenutti, Our Lady of the Gulf Parish Council president; Brother Pierre St. Pierre, president of Saint Stanislaus; and Brother Lee Barker, principal of St. Stanislaus. Father Gregory J. Johnson, principal and originator of Our Lady's Academy was absent from the ceremonies because of the death of his mother in New Orleans.

Sister Babine and Sister Lydia, Sisters of St. Joseph of Bourg, were presented a resolution commending the Sisters of St. Joseph of Bourg for their cooperation and operation of St. Joseph Academy from 1965-1967.

The resolution recognized the Order for its contributions to Christian education and for donating the gymnasium to the parish for its use following the close of the academy. A resolution was read in absentia, commending the Very Rev. Gregory J. Johnson, Pastor of Our Lady of the Gulf Parish, and Principal of Our Lady's Academy, for his initiative in opening the high school.

MR. EVERETTE SANDIFER, SR. ACCEPTS DELIVERY OF HIS NEW 1973 NOVA FROM TURAN-LANE CHEVROLET SALESMAN BURNELL LADNER.

Mr. Sandifer had been shopping for several weeks and couldn't find the right deal. He heard about the good deals at Turan-Lane Chevrolet in Bay St. Louis. He visited them and spoke to salesman Burnell Ladner who showed him how he could save money by buying a 1973 Nova Hatch Back. Mr. Sandifer is real pleased and would recommend that his friends stop by Turan-Lane Chevrolet before they buy their next car.

Meals For Elderly Approved For Coast Counties

Southern Mississippi Planning and Development Director, Les Newcomb, has announced that a Title VII Nutrition Program will be fully implemented in the Tri-county area of Jackson, Harrison and Hancock by January 1974.

Funded by the Administration on Aging, Social and Rehabilitation Service, Department of Health, Education and Welfare, through Mississippi's Council on Aging, the program is aimed at meeting the acute nutritional needs of older Americans with low income.

Newcomb further stated that Congress has found that the research and development nutrition projects for the elderly conducted under the Older Americans Act have demonstrated the effectiveness of, and the need for, permanent nationwide projects to assist in meeting the nutritional and social needs of millions of persons aged 60 and older.

Horace Kerr, executive director, Mississippi Council on Aging, added that with enactment of the Nutrition Program for the Elderly, the focus of administrative responsibilities has shifted to include the States.

The Federal Regulations issued to amplify the Act, provide uniformity and guidance in the implementation of the National Program, and establish a framework flexible enough to accommodate the wide variety of differences among the States.

In stressing the guidelines for determining eligible individuals, Mrs. Lucille Feeney, Tri-County Nutrition Coordinator from Waveland, listed those persons who are aged 60 or over, who cannot afford to eat adequately or lack the skills to select and prepare nourishing and well-

balanced meals, have limited mobility which may impair their capacity to shop and cook for themselves and have feelings of rejection and loneliness which obliterate the incentive necessary to prepare and eat a meal alone.

The spouses of such individuals are also eligible. Area-wide Model Project Director Jane Kennedy emphasized that Southern Mississippi Planning & Development Districts' selection as a project area was

due largely to the fact of its sufficient size for the economical delivery of meals, the efficient provision of needed supportive services and the linkage of project activities with related programs in the area.

Also considered were the major concentrations and proportions of older persons in need of supportive services, especially the low income, socially isolated, incapacitated and minority elderly.

Development Is Conference Objective

Dr. Robert L. Robinson, Director of the Mississippi A & I Board, reported Wednesday over 1700 people have been invited to the First Annual Governor's Conference on Economic Development which will be held in Jackson on Tuesday and Wednesday of next week. Co-sponsors of the conference are the Governor's Office of Federal-State Programs and the A & I Board.

The purpose of the conference, said Robinson, is to encourage Mississippi communities to investigate and establish economic development priorities for their areas.

"We are especially interested in reaching those officials from the smaller towns who may not be able to easily consult with industrial development authorities," said Robinson.

The program will begin with a luncheon on Tuesday. Governor Bill Waller will present the keynote address.

Topics to be discussed Tuesday include industrial parks, private foundations, and Mississippi's changing economic picture.

Wednesday the sessions will cover tourism, the Natchez Trace, Federal-State-Local Cooperation, and the services of the Mississippi Research and Development Center.

Speakers at the two-day conference include Irene DuPont, Jr., senior vice-president of E. I. DuPont Company; Representative George W. Rogers, Jr.; Bill Barrett of the North Mississippi Industrial Development Association and other experts in economic development.

Capitol Comes To Biloxi

State officials are preparing to move the Capitol to the Gulf Coast for a day-long program at Biloxi High School, November 20. A similar program was held last week in Northeast Mississippi at Tupelo.

Governor Waller praised the people and local leaders in Northeast Mississippi for making the Tupelo program successful. "The move to Tupelo was a monumental undertaking and was a success," the Governor said, "because the local leaders and people put forth a great effort toward making the move a success."

The Governor said his office has already received great response from the people in Northeast Mississippi.

Question forms were printed in local newspapers and distributed at the program. Citizens who could not attend the session itself were urged to mail their questions to the Capitol in Jackson. Governor Waller said his office has been "flooded" with questions from various citizens.

Governor Waller said the purpose of the Capitol Move Program is "to make state government more responsive to the needs of the people."

NEW VP — Frank Ladner, 1957 honor graduate of Pearl River Junior College, was named vice-president of the Alumni Association at the annual PRC alumni banquet. Ladner, assistant principal at Bay High School, Bay St. Louis, loves to tell people what Pearl River Junior College can offer them in the way of a quality education. He will take over as president year after next.

Insurance Agents Push 'No-Fault' Law

The Board of Directors of the Mississippi Association of Insurance Agents urged the Mississippi Legislature to enact a meaningful "No-Fault" Law during its 1974 session.

The group composed of casualty and property insurance agents voted unanimously to support a program that would assure auto-accident victims of bodily injury instant payment of basic medical bills and lost wages regardless of fault, while preserving their right to additional recovery from a guilty driver.

Harold Eustis, Greenville, Chairman of the MAIA's No-Fault Study Committee said of the report, "Our committee has deliberated over three years as to whether this proposal was a realistic approach to the benefit of the insurance buying public in our state." The study committee composed of Eustis, a nationally-known authority of automobile casualty insurance, C. D. Galey, Hattiesburg, President of the Agents Association, Ed Wilburn Hooker, Jr., Lexington, Legislative Chairman, Ned Mitchell, CPCU, Cleveland, Chairman of the Education Committee, and W. W. Norcross, Jackson, Vice President of the MAIA.

Eustis further stated, "The benefits of a 'No-Fault' Law can be made to the public at a reasonable cost only if they are willing to give up the right to sue (tort action) on minor injuries; that is, those accidents developing less than \$2,500 in medical expense and loss of income."

It is unreasonable to expect the cost of insurance to go down unless the public's attitude toward automobile reparations changes," he said. "For example, we have heard a great deal about insurance premiums being reduced in the 'No-Fault' states. This may be true, but everyone should realize that this law will reduce court action on small claims by the individual's own insurance company paying his medical cost and loss of income."

Probably the easy way to understand how the system will work is to use this illustration:

Under the present Tort Law - If you are injured in an accident where you are not at fault, you must settle your claim with the other party's insurance carrier. Under "No-Fault" concept if you are injured, it wouldn't matter who is at fault, your medical and loss of wages will be paid by your insurance company. You cannot sue the other party unless your bodily injury losses amount to more than a prescribed dollar level which is called a threshold. One marked advantage of No-Fault insurance is that the injured party knows he will be paid promptly, without involving legal problems.

"It is our feeling that the public will have to understand that it is giving up the right to sue, just as in Workmen's Compensation claims, in return for other privileges under the No-Fault concept," said Mr. Eustis.

"We have prepared a list of suggested recommendations which we urge the legislature to adopt when they consider the various proposed No-Fault bills. Each legislative member will be furnished a list of the recommendations along with our offer to furnish additional information on this No-Fault concept."

Registration Ends Nov. 14

Entrants in the first annual Waveland Fall Festival of Arts and Crafts must have entries to be shown registered by November 13 or 14 to be included in the competition. Chairman Mrs. Gerry Blanchard announced today. Entries are to be registered at Gerry's, Coleman Ave.

There will be competition in the following classifications: art, handicraft, ceramics, needlework and food projects. There will be juvenile, junior and adult competition in each classification.

In addition to the various competitions, civic and fraternal organizations will conduct a Flea Market on Coleman Ave., next to the post office as part of the festival agenda.

Social Security Recipients Sought

The Social Security Administration is asking for help in getting information to people who may be eligible for the supplemental security income payments that start in January for people with little or no income who are 65 or over, or blind, or disabled.

That request was made by Walter H. Hobbs, social security district manager in Gulfport, in a speech to representatives of several organizations in the Harrison County area.

He asked the members of the organizations who deal with low-income people to "help us pass the word about supplemental security income."

Supplemental security is being publicized in newspapers and on radio and television, Walter H. Hobbs said. And people getting State public assistance payments because they're 65 or over, or blind, or disabled generally will be eligible for the Federal payments and don't have to apply.

"But we are still concerned that there might be people who will not hear or know

about the program," he said. "If you know of someone 65 or older who is in need, or a blind or disabled person, regardless of age, who needs financial help and isn't getting public assistance now, please tell him about the new program. And suggest that they call the social security office to get more information."

Supplemental security income will establish a nationally uniform income floor for people in need who are 65 or over, or blind, or disabled. The amount of the payments they get will depend on how much other income they might have.

Eligible people with no other income at all will have a basic cash income of at least \$130 a month for one person and \$195 for a couple, according to Walter H. Hobbs. People in institutions or with other income may get reduced supplemental security income checks, he said.

Federal supplemental security income payments will be made by the Social Security Administration but financed by Federal general

tax revenues—not by social security contributions from workers and employers.

The Gulfport social security office is at 02015 Pass Road. The phone number is 696-1323.

Mississippi Arts Festival To Open April 30

The 1974 Mississippi Arts Festival—a cultural extravaganza which brings thousands of people to Jackson each Spring—will be held April 30 through May 5.

According to members of the 1974 production committee for the Festival, the 11th annual event will once again offer a variety of activities for both entertainment and education.

More than 2,000 volunteer workers stage and plan the event, promising each year popular headline stars for the coliseum shows and auditorium performances as well as diversification of talent spread across the vast Fairgrounds area.

This year will be no exception. Already hard at work, the production committee headed by Mrs. Edward J. Peters, has announced some of the exciting activities scheduled for April 30 through May 5.

This year the popular Artisans in Action will be greatly expanded and will be located in a permanent building on the State Fairgrounds. Plans are to include more than 150 artisans which will represent

the talent and skill and creativity of these Mississippi artists.

The Literary competition committee announces noted poet Turner Cassidy, a native

of Jackson, will be the distinguished judge for the competition. Mr. Cassidy will also be available at the Old Capitol during Festival week to present a poetry seminar.

Other activities planned for the 1974 Festival include a children's pavilion which encourages youngsters to participate in the arts, children's plays and storytelling, hours and youth concerts. An addition to the Festival will be a vast area designed for the older child.

PREHISTORIC SPUD? — Looking very much like some prehistoric member of the dinosaur family, this sweet potato, nestled in the arrangement of plants came complete with a white streak down its back! The spud was grown by Vincent Ruspoli in his produce farm for V&M Supermarket in Pass Christian.

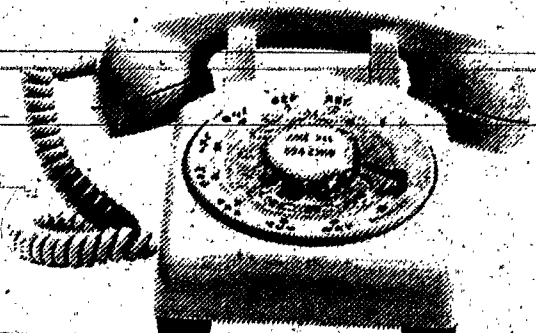

PROCLAMATION

WHEREAS, diabetes is the fifth cause of death in the United States; and
WHEREAS, one (1) out of four (4) persons are carriers of the disease; and
WHEREAS, there are 5,000,000 diabetics in the U. S.; and
WHEREAS, diabetes is a leading cause of blindness and contributes to heart attacks; and
WHEREAS, diabetes causes an annual \$2,000,000.00 economic loss; and
WHEREAS, half of the U. S. diabetics are unaware of their condition; and
WHEREAS, diabetes can be detected by a simple Blood Sugar Test and treated by medical science;
THEREFORE, BE IT RESOLVED that the week of November 11-18th, 1973, be proclaimed and commemorated as:

DIABETES PREVENTION WEEK.

This the 7th day of November, 1973.

Mississippi People Keeping You In Touch

Reflections . . . of the past

THIS IS THE BAY HI team that participated in the State Championship Boxing Tournament held in Bay St. Louis March, 1946. Although St. Stanislaus won the State Boxing Crown, four of the Bay St. Louis team members won individual awards. The members are, standing from left, Bracey Smith, Coach, Truman Schultz, Horace "Red" Davis, H.G. "Boogie" Dean, Curtis Colson, Joe Capdepon; kneeling from left, Manuel J. Poyados, Jimmy McArthur, Herman "Buck" Price, Odell Sanders, Rudy Morel, Teddy Morel, and Terrell Randolph. Photo courtesy of H. G. "Boogie" Dean. (Readers are urged to submit photos to the Echo for use in Reflections. All pictures will be returned unharmed at the Echo office. Use of all photos is left to the discretion of the editor.)

Insurance Cut Reward For Good Grades

Students in Mississippi who maintain grades in the top 20 percent of their classes may become eligible for discounts on their automobile insurance premiums, State Insurance Commissioner Evelyn Gandy has announced.

Miss Gandy, who is also Executive Chairman of the Mississippi Insurance Commission, reported that the Commission has approved rating plans filed by 10 companies making the so-called "Good Student Discount" available to their eligible policyholders.

These companies are American Fidelity, Gulf American Fire and Casualty, Liberty Mutual Fire, Nationwide Mutual, Riverside, Western Casualty and Surety, Western Fire, North River, International, and United States Fire.

Following a study of the "Good Student Discount" being made available by certain companies in other states, Miss Gandy said all companies licensed to write automobile insurance in this state were notified that such plans would be approved in Mississippi.

Yerger Named Chairman For Republican Dinner

State Republican Finance Chairman W. D. "Billy" Moulton has announced the appointment of former Mississippi Republican Party Chairman Wirt A. Yerger, Jr., as dinner chairman for the party's New Majority Dinner featuring Governor Ronald Reagan, November 16.

The event, to be held in the Hotel Heidelberg in Jackson is the annual \$100 per plate fund raising dinner for the Mississippi Republican Party.

"We are extremely fortunate to have Wirt Yerger, Jr., to chair this fund raising drive. As Chairman of the Mississippi Republican Party from 1955 to 1966, Wirt was instrumental in building the organizational base from which our Party has grown."

He has been an energetic and articulate Republican leader," said Moulton, who is also Hinds County Republican Chairman.

Yerger, who is a leading Jackson insurance man, said following his appointment, "Ronald Reagan has captured the imagination of millions of Americans as an articulate conservative spokesman, but more importantly, by his highly successful application of his conservative political principles in his role as Governor of America's largest state. It is a pleasure for me to be associated with a dinner honoring him."

"When he came into office as Governor of California, he inherited a political and economic shambles, but in a very few years, he has managed to bring this situation under control. Mississippians will have a most timely opportunity to see and hear Ronald Reagan and pay tribute to the principles he enunciates and the cause of good government, which his leadership represents."

Yerger is the President of Ross and Yerger, Inc., a leading Jackson insurance agency, and is a native Jacksonian. He was recently elected to membership in the famous and unique insurance institution, Lloyd's of London, and is the only underwriting member in Mississippi.

Friday Is Adoption Day

Area residents are reminded of adoption day every Friday morning at both Bay St. Louis and Waveland dog pounds. Animal wardens for both cities will be at the pounds every Friday from 10 a.m. until noon.

Bay St. Louis pound is located on Third St. just past the Christ Episcopal Day School entrance, or about two blocks past St. Charles St.

Waveland pound is located in a field at the end of Spruce St. several blocks off Waveland Ave.

There are puppies and several grown, healthy mixed breeds available for adoption at both pounds. All are friendly and would make good pets. Any animals not adopted by Friday noon will have to be put to sleep, the wardens advise.

St. Stanislaus Honor Roll Announced

- The following St. Stanislaus students achieved Alpha or Beta Honor Roll for the school's first marking period of the 1973-74 school session.

DuPont Plant Seen As County Prize

Tommy Munro, President of the Harrison County Development Commission, expressed keen interest in DuPont's announcement of its intention of making feasibility studies for possible location of a major manufacturing plant in Harrison County.

Munro stated "The commission is extremely pleased with today's announcement by DuPont as the commission has been working with this company on this project for several years."

"The Development Commission is gratified that DuPont is considering a site in west Harrison County for its proposed new plant. This will afford many excellent job opportunities for the people in the area."

In addition, when the plant is built the commission feels it will be an improved step in further development and growth of this area and be of major economic value to the entire Gulf Coast.

Ernest Melvin, president of the Harrison County board of supervisors, joined in acknowledging the board's pleasure and interest in the prospect of DuPont locating a major facility in Harrison County.

Melvin also stated that supervisors are particularly pleased that the major portion of the employees for the plant will be hired locally.

Our Lady Of The Gulf Honor Roll

Sister Patricia Sullivan, principal Our Lady of the Gulf School, announced the following students were on the honor roll for the first nine-week period:

ALPHA ROLL - Ellie Battalora, Anna di Benedetto, Grade 6-A; Charles Mauffray and Leslie Staehle, 6-B; Jeff Kergosen, fifth; Walter Ross, Hope Chiniche, Mia Crovetto, Susan Robinson, Renee Rosetti, fourth; Michael Collins, Harold Helne, Keith Ross, Norma Garcia, Stacey Glindmeyer, Karen Ott, Cathy Treutel, third; Teresa Holland, Andrea Lolacano, Jane Ladner, Laurie Mar-nolich and Michelle Van Peski, second grade.

BETA ROLL - Albert Williams, Nadia Dabul, Renee Hristius, Delarie Ladner, Nancy Martinolich, Theresa Ryan, 6-A; Jimmy Collins, Tommy Garcia, Laura Cox, Gwen Favre, Susan Hensley, Sharon Ladner, Marianne Maurigi, Kelly Poolson, Shari Scaddi, 6-B; Benjamin Benvenuti, Bruce Cabel, Michael Wesselman, Elizabeth Argus, Christine Gex, Kathy Martinolich, Barbara Noyes, Wendy Staehle, Mary Trombley, fifth; Stephen Favre and Patrick Kergosen, fourth; Ricky DeBen, Cal Gex, John Gleber, Ames Kergosen, Andy Spratley, fifth; Wesselman, Jeff Wojdack, Gino Americo, Angel Ambrose, Sylvia Favre, Stacie Hille, Leslie Hristius, Lenora Kelly, Theresa Ladner, Andrea Largay, Angela Monti, Donna Moran, Ann Trombley, third; Kenny Johnson, Warren Seymour, Kellie Carvin, Cara Crovetto, Theresa DeBen, Christine Gleber, Melissa Kersanac, Amy Monti and Dianne Ross, second grade.

INVITATION FOR BIDS
The Bay St. Louis Housing Authority will receive bids for the Rehabilitation of the Third Street Project in Waveland, Mississippi, until 3:00 p.m. (C. S. T.), on the 27th day of November, 1973, at 601 Bienville Street, Bay St. Louis, Mississippi, 39520, at which time and place all bids will be publicly opened and read aloud.

The bid shall be for the rehabilitation of approximately 2000 lineal feet of curb and gutters requiring 1 1/2 inch of asphalt covering on 40 square yards of surface for gutter and curb contouring, the re-aligning of approximately 100 feet of existing concrete curb, and the removal of approximately 100 lineal feet of loose concrete topping on the existing curb. Bids will be received for unit prices for the above. The quantities may be increased or decreased as job conditions require.

Proposed forms of contract specifications, including plans and specifications, are on file at the office of the Bay St. Louis Housing Authority, 601 Bienville Street, Bay St. Louis, Mississippi, and at the office of Clarence A. Evans Building, Coleman Avenue, Waveland, Mississippi.

Copies of the documents may be obtained by depositing \$15.00 with the Housing Authority for each set of documents so obtained.

Such deposit will be refunded to each person who returns the plans, specifications, and other documents in good condition within 10 days after bid opening.

A certified check or bank draft payable to the Waveland Housing Authority in U.S. Government bonds or a satisfactory bid bond executed by a bidder and acceptable sureties in an amount equal to five percent of the bid amount submitted, with each bid. Amount of bond shall be based on the price for the quantities noted above.

The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds.

Attention is called to the provisions for equal employment opportunity, and payment of not less than the minimum salaries and wages as set forth in the Specifications must be paid on this project.

The Bay St. Louis Housing Authority reserves the right to reject any or all bids or to waive any informality in the bidding.

No bid shall be withdrawn for a period of fifteen days subsequent to the opening of bids without the consent of the Bay St. Louis Housing Authority.

Capitol Comes To Biloxi

State officials are preparing to move the Capitol to the Gulf Coast for a day-long program at Biloxi High School, November 20. A similar program was held last week in Northeast Mississippi at Tupelo.

Governor Waller praised the people and local leaders in Northeast Mississippi for making the Tupelo program successful. "The move to Tupelo was a monumental undertaking and was a success," the Governor said, "because the local leaders and people put forth a great effort toward making the move a success."

The Governor said his office has already received great response from the people in Northeast Mississippi.

Question forms were printed in local newspapers and distributed at the program. Citizens who could not attend the session itself were urged to mail their questions to the Capitol in Jackson. Governor Waller said his office has been "flooded" with questions from various citizens.

Governor Waller said the purpose of the Capitol Move Program is "to make state government more responsive to the needs of the people."

NEW VP — Frank Ladner, 1967 honor graduate of Pearl River Junior College, was named vice-president of the Alumni Association at the annual PRC alumni banquet. Ladner, assistant principal at Bay High School, Bay St. Louis, loves to tell people what Pearl River Junior College can offer them in the way of a quality education. He will take over as president year after next.

Insurance Agents Push 'No-Fault' Law

The Board of Directors of the Mississippi Association of Insurance Agents urged the Mississippi Legislature to enact a meaningful "No-Fault" Law during its 1974 session.

The group composed of casualty and property insurance agents voted unanimously to support a program that would assure auto accident victims of bodily injury instant payment of basic medical bills and lost wages regardless of fault, while preserving their right to additional recovery from a guilty driver.

The report presented by

Harold Eustis, of Greenville, Chairman of the MAIA's No-Fault Study Committee said of the report, "Our committee has deliberated over three years as to whether this proposal was a realistic approach to the benefit of the insurance buying public in our state." The study committee composed of Eustis, a nationally-known authority on automobile casualty insurance, C. D. Galey, Hattiesburg, President of the Agents Association, Ed Wilburn Hooker, Jr., Lexington, Legislative Chairman, Ned Mitchell, CPCU, Cleveland, Chairman of the Education Committee, and W. W. Norcross, Jackson, Vice President of the MAIA. Eustis further stated, "The benefits of a 'No-Fault' Law can be made to the public at a reasonable cost only if they are willing to give up the right to sue (tort action) on minor injuries, that is, those accidents developing less than \$2,500 in medical expense and loss of income."

It is unreasonable to expect the cost of insurance to go down unless the public's attitude toward automobile reparations changes," he said. "For example, we have heard a great deal about insurance premiums being reduced in the 'No-Fault' states. This may be true, but everyone should realize that this law will reduce court action on small claims by the individual's own insurance company paying his medical cost and loss of income."

Probably the easy way to understand how the system will work is to use this illustration:

Under the present Tort Law - If you are injured in an accident where you are not at fault, you must settle your claim with the other party's insurance carrier. Under "No-Fault" concept if you are injured, it wouldn't matter who is at fault, your medical and loss of wages will be paid by your insurance company. You cannot sue the other party unless your bodily injury losses amount to more than a prescribed dollar level which is called a threshold. One marked advantage of No-Fault insurance is that the injured party knows he will be paid promptly, without involving legal problems.

It is our feeling, that the public will have to understand that it is giving up the right to sue, just as in Workmen's Compensation claims, in return for other privileges under the No-Fault concept," said Mr. Eustis.

"We have prepared a list of suggested recommendations which we urge the legislature to adopt when they consider the various proposed No-Fault bills. Each legislative member will be furnished a list of the recommendations along with our offer to furnish additional information on this No-Fault concept."

TOGETHERNESS among parishioners at St. Clare Catholic Church in Waveland was enjoyed at a recent Family Day mass at the church, followed by a get together at the school cafeteria, above. Dr. and Mrs. Henry Maggio served as lecturers for the Mass which was celebrated by Rt. Rev. Monsignor John Scanlon, pastor of St. Clare Church. Sr. M. Hyacinth, principal initiated plans for the successful affair.

Mississippi Arts Festival To Open April 30

The 1974 Mississippi Arts Festival - a cultural extravaganza which brings thousands of people to Jackson each Spring - will be held April 30 through May 5. According to members of the 1974 production committee for the Festival, the 11th annual event will once again offer a variety of activities for both entertainment and education.

More than 2,000 volunteer workers stage and plan the event, promising each year popular headliner stars for the coliseum shows and auditorium performances as well as diversification of talent spread across the vast Fairgrounds area.

This year will be no exception. Already hard at work, the production committee headed by Mrs. Edward J. Peters, has announced some of the exciting activities scheduled for April 30 through May 5.

This year the popular Artisans in Action will be greatly expanded and will be located in a permanent building on the State Fairgrounds. Plans are to include more than 150 artisans which will represent

the talent and skill and creativity of these Mississippi artists.

The Literary competition committee announces noted poet Turner Cassity, a native

of Jackson, will be the distinguished judge for the competition. Mr. Cassity will also be available at the Old Capitol during Festival week to present a poetry seminar.

PREHISTORIC SPUD? — Looking very much like some prehistoric member of the dinosaur family, this sweet potato, nestled in the arrangement of plants came complete with a white streak down its back! The spud was grown by Vincent Ruspoli in his produce farm for V&M Supermarket in Pass Christian.

PROCLAMATION

WHEREAS, diabetes is the fifth cause of death in the United States; and WHEREAS, one (1) out of four (4) persons are carriers of the disease; and WHEREAS, there are 5,000,000 diabetics in the U.S.; and WHEREAS, diabetes is a leading cause of blindness and contributes to heart attacks; and WHEREAS, diabetes causes an annual \$2,000,000.00 economic loss; and WHEREAS, half of the U.S. diabetics are unaware of their condition; and WHEREAS, diabetes can be detected by a simple Blood Sugar Test and treated by medical science; THEREFORE, BE IT RESOLVED that the week of November 11- 18th, 1973, be proclaimed and commemorated as;

DIABETES PREVENTION WEEK.

This the 7th day of November, 1973.
Warren Carver, Mayor
City of Bay St. Louis, Mississippi

Social Security Recipients Sought

The Social Security Administration is asking for help in getting information to people who may be eligible for the supplemental security income payments that start in January for people with little or no income who are 65 or over, or blind, or disabled.

That request was made by Walter H. Hobbs, social security district manager in Gulfport, in a speech to representatives of several organizations in the Harrison County area.

He asked the members of the organizations who deal with low-income people to "help us pass the word about supplemental security income."

Supplemental security is being publicized in newspapers and on radio and television, Walter H. Hobbs said. And people getting State public assistance payments because they're 65 or over, or blind, or disabled generally will be eligible for the Federal payments and don't have to apply.

"But we are still concerned that there might be people who will not hear or know

about the program," he said. "If you know of someone 65 or older who is in need, or a blind or disabled person, regardless of age, who needs financial help and isn't getting public assistance now, please tell him about the new program. And suggest that they call the social security office to get more information."

Supplemental security income will establish a nationally uniform income floor for people in need who are 65 or over, or blind, or disabled. The amount of the payments they get will depend on how much other income they might have.

Eligible people with no other income at all will have a basic cash income of at least \$130 a month for one person and \$195 for a couple, according to Walter H. Hobbs. People in institutions or with other income may get reduced supplemental security income checks, he said.

Federal supplemental security income payments will be made by the Social Security Administration but financed by Federal general

tax revenues—not by social security contributions from workers and employers.

The Gulfport social security office is at 02015 Pass Road. The phone number is 696-1323.

Washington Report

By: Rep. Trent Lott

TRADE BILL IN LIMBO

Any thoughts that the Soviet Union will win dramatic concessions in the 1973 Trade Reform Act have been dashed by recent developments in the Middle East.

If nothing else, that tense war fanned anti-Soviet sentiment on Capitol Hill, virtually killing any hopes for Congressional approval of liberalized trade with the Russians. President Nixon, trying to salvage legislation urgently needed for commercial negotiations with Europe and Japan, probably applied the clincher when he shelved efforts to win approval of equal tariff treatment—known as most-favored-nation treatment—for the Russians.

The message from Congress was clear: the Trade Bill itself was a basically sound piece of legislation, but most-favored-nation treatment for the Soviets had to go.

As far back as mid-July of this year, I cautioned the idea of expanding trade relation with Russia — if for no other reason than the fact that we have been burned in previous deals with them.

One good look at last year's disastrous wheat deal with the Russians should be enough in itself to warrant a cautious approach in future negotiations. This is not to say that increased trade with Russia is completely out of the question, but we do need to take our time and look very closely at both sides of the coin, particularly when these trade agreements deal with our agricultural products.

Other than that one objection, I think the Trade Bill has merit. It builds upon the trade-agreements program which has been a fundamental part of our international economic policy for almost four decades, and it includes

new provisions to meet new conditions.

It gives the President the authority he needs to negotiate with our trading partners for mutually beneficial reductions of all barriers to trade, but it carefully defines and properly limits that authority. And it makes the Congress for the first time a full partner in the negotiating process.

Basically, the bill reported out of the House Ways and Means Committee in early October is the most far-reaching trade bill to come before the Congress since the Reciprocal Trade Agreements Act of 1934.

Among other things, it would broaden the range of actions the United States can take in responding to unfair international trade practices. It would also introduce new authorities for dealing with such problems as imbalances in our international payments and domestic inflation.

The bill reflects the philosophy that American interests — both economic and foreign policy objectives — are best served by the maintenance of an open world economy, an economy in which governmental barriers to trade and capital movements have been greatly reduced, if not eliminated. Implicit in the argumentation is that if we do not move to open channels to world trade, we shall surely slide backwards toward greater protection, more economic nationalism, and an inward-looking regionalism especially in Europe.

One fact remains clear as we continue to study the 1973 Trade Reform Act: today's trade negotiations will determine the economic pattern of tomorrow's world.

With that sobering thought in mind, I think it is imperative that we equip our negotiators with the kind of authority they can expect from their counterparts from other nations.

Colling's Corner

By E.S. Colling

We hear lots of talk today about the citizens' lack of confidence in government due to the outrageous goings-on of officials in high positions. But did it ever occur to most of us that the wrongdoing is the result, not of deliberately planned malfeasance but of just plain lack of intelligence of our lawmakers?

A fine case in point was the recent hearings to confirm Mr. Ford as our new vice president. If you listened to the senators questioning the candidate, you must have been struck by the milk-toast quality of the questions and Mr.

Ford's answers. The senators wanted to know, in effect, if it was a nice day when the sun was shining and if it was true that 2 and 2 made 4, and the candidate assured them, in hundreds of well-chosen words, that both of their assumptions were correct. The average citizen was left with the feeling that either all of the parties had the intelligence of four-year-olds, or that they were deliberately and purposely avoiding awkward questions, to the end that Mr. Ford was a shoo-in for the job.

President Nixon's hard luck has been that Watergate opened the door to unlimited official inquiry. Our hard luck is that a raft of second- and third-raters have been given the chance (at our expense, of course) to play their political games and air their windy opinions unhampered and unrestrained.

It is admittedly a risky job to estimate a person's character by the way he looks, but that's the method many folks use to choose their political leaders. Anybody, we believe, would have trusted Abe Lincoln, but might have been fooled by Grant. Harding's face did not inspire confidence, though he was elected by nearly a two-to-one margin over Gov. Cox; President Nixon has an amiable but shrewd face, and Gerald Ford is in the same category, though with less force; he fits Brer Fox's description as being "Ez soshubbe ez a basket er kittens". But if you really want to try your hand at character analysis, take a look at the faces of the committee members who "investigated" him: how many of them look honest, incorruptible, understanding? How many believe they are doing right and would never be swayed by greed and self-gain? It's all in their faces — and their eyes, and we are very sorry that Mr. Nixon has fallen among them.

Nature's Gifts To America

Penelope Winslow planted a linden tree to celebrate her eleventh birthday. Standing beside the little sapling in the front yard of her father's new home in Plymouth, Massachusetts, she could look some 500 paces away to the rock where the Pilgrims first set foot on this nation's soil.

Her gift has become a part of our heritage, because 200 years since its planting, Penelope's linden tree still stands as a monument to America's greatness.

While Miss Winslow was making her environmental contribution in Massachusetts, another more ambitious gardening project was underway in the Virginia colony at the home of George Mason. Jefferson called him "the wisest man of his generation," and others have referred to Mason as "the Pen of the Revolution" because his writing of the first Constitution of Virginia became the basis of our Federal Bill of Rights.

Today's visitors to Gunston Hall, the Mason estate near the nation's capital, find a magnificent 12-foot tall boxwood allée planted in about 1776 by George Mason with seedlings he imported from England. The wondrous boxwood garden remains as his gift to his land as we approach our third century, and a symbol of George Mason's love and respect for nature's beauty.

Harvard University's Dumbarton Oaks, in Washington, D. C., was the site, in 1944, when representatives of four major world powers — Russia, China, Great Britain and the United States — met to plan the first draft of the United Nations Charter. Perhaps the delegates walked through the stately gardens during their deliberations . . . and when they did they surely stood beneath one of the oldest trees in the capital city. The majestic white oak has been a quiet sentinel in that place since its planting some 50 years before our nation's independence.

The American Association of Nurserymen is focusing attention on plantings such as these which have been a part of our nation's natural wealth throughout its history to point up the value of new planting now in observance of the approaching American bicentennial year. "The best time to plant a tree," the men and women of the AAN say, "was a long time ago. The second best time is now."

"Decorate our nation for its birthday year," they say, "with trees along our streets, plants and shrubs in our gardens and parks, lawns and ground covers over the naked earth."

In this time of great concern about the deteriorating quality of our atmosphere, the AAN reminds us of this fact: During the course of the 23,000 times we each inhale and exhale in a single day, we take in 55 pounds of oxygen — and we get it all from green plants on land and vegetation in the sea.

County Agent's Notes

John W. Smith, County Agent

LEGUMES IN PASTURES

Getting a good stand of clover or other legumes in your grass pastures can save you some money.

Besides the extra, higher quality grazing you will get, you will also be supplying nitrogen for your grasses and the clovers.

White Clover, Regal or L.A. S-1, has the ability to supply up to 200 pounds of actual nitrogen per acre. Crimson or arrowleaf clover will supply around 90 pounds of nitrogen and wild winter peas or vetch will provide around 80 pounds.

With the shortage and price of nitrogen fertilizer, it would be worth your money to get the legumes growing in your pastures if for no other reason than supplying the nitrogen.

Follow these recommendations. Either graze your pastures closely or clip closely. Apply needed lime, phosphate and potash. Disk lightly. Top seed the legumes, then harrow and cultipack. Be sure to inoculate the legume seed.

DAIRY BREEDING

Follow the rules on artificially breeding dairy cows or you may not get the results you are looking for. One of the most important rules concerns the handling of semen.

Keep all inseminating equipment in a clean dry kit or cabinet. Be sure that the liquid nitrogen tank does not run out of liquid nitrogen and when removing semen from tank, be sure not to expose it to outside temperatures.

Properly thaw the semen. When ampules are used, thaw in ice water. If using straws, the temperature of the thaw water should be 90 degrees F.

It is desirable to do the inseminating in a building protected from sun and wind. In cold weather, the steel breeding gun used with straw semen should be warmed by rubbing the gun back and forth briskly between your thumb and forefinger.

Another rule to follow is to keep a close watch on your cows for heat. Check daily.

LIME

It is estimated that liming all cotton soils needing lime would increase cotton yields by half a million bales a year.

In 1972 more than one half of all soybean fields tested for pH showed a need for lime. Liming of low-H soybean land has resulted in yield increases ranging from six to 10 bushels per acre of beans. And, one application of lime lasts from three to five years. That's quite a return on investment!

Our Readers Write

Dear Editor:

We are writing this letter to complain about the problems we have in our immediate area. Some people are using Camille Circle and Herlihy for their driving acrobatics much to the dismay of mothers with toddlers. The noise of these cars is rather nerve racking too.

Our second problem is the pack of strong dogs which get into the garbage cans and spread trash into the yards. These dogs are not afraid of us as we are of them!

We have called the dog catcher but to no avail. We have called the police but still have these problems. What can be done about this?

Local VA News

BY
Chester L. Curvey

The Veterans Health Care Expansion Act, Public Law 93-42, was approved August 2, 1973 and became effective September 1, 1973 but pending receipt of the operating instructions by the Veterans Administration no service or commitment of service will be made. Therefore, do not ask for the benefits provided for by this Act until further notice from the Veterans Administration.

The new law permits the furnishing of medical services on an outpatient basis to any veteran eligible for hospital care under veterans laws, where such care is reasonably necessary to prevent or obviate the need for the veteran being hospitalized. It also places peacetime veterans on the same basis as wartime for hospital and medical benefits. In the case of veterans who are disabled to a degree of 80 percent or more for a service connected cause, provides for outpatient care for any disability from which he suffers.

These outpatient services include, in addition to medical examination and treatment, optometrists services, dental and surgical services as are now available in the case of non-serviceable connected disabilities for treatment after the veteran has been hospitalized,

or connection with treatment he received while hospitalized.

The new law provides for furnishing of hospital and medical care (if such care is not otherwise provided under CHAMPUS) for the wife or child of a totally and permanently disabled service connected veteran and to surviving widows and children of veterans who died as a result of a service connected disability.

If a veteran requires nursing home care for a service-connected condition, he may now be admitted directly to a VA nursing home unit or to a non-VA nursing home at VA expense when a physician determines that he needs such care.

Women veterans may now be furnished non-VA hospitalization when VA facilities are not feasibly available, as wartime service is no longer a factor.

Any veteran under 65 years of age who is applying for a VA pension should certainly explore the possibility of waiver of premiums on his NSLI at the same time.

Bring your yearly income questionnaire cards to me when I return to my office on Nov. 19th and I will assist in filling them out, if assistance is needed.

NEWS FROM SENATOR JAMES O. EASTLAND

WASHINGTON, D. C.

Senator James O. Eastland Thursday appealed to federal officials "in the strongest and most urgent terms" to lift quotas on farm fuels.

Eastland told John Love, the Administration's Director of Energy Policy, that farmers are facing "a potentially disastrous situation" at the peak of harvest season.

"The harvest will grind to a halt unless immediate steps are taken to provide farmers with essential fuels to operate," he said. "I appeal to you to move without delay to assign the highest priority to fuels for agricultural purposes and allow the harvest to proceed unimpeded."

Eastland pointed out that present allocations for gasoline and diesel fuel are based on the total amount utilized during November, 1972. "As the current needs are projected, this allocation will prove totally inadequate and would

severely cripple our ability to complete the harvest," he said.

He said farm fuel consumption last November was at a near all-time low because heavy rains kept farmers out of the fields. "Allocations based on this period are totally unrealistic for the 1973 harvest."

The Senator cited the example of one Mississippi fuel supplier who sold only 5,000 gallons of diesel fuel in November, 1972. "Already this year, he has orders from farm customers of 100,000 gallons of diesel fuel in November — more than 20 times their entitlement under present regulations."

Eastland said the situation in all agricultural states "is extremely critical" as farmers approach the height of the harvest. "I appeal to you in the strongest and most urgent terms," he said, "and I firmly believe this to be in the best interest of the entire nation."

Home Makers Notes

By Norine Barnes, Hancock County Home Economist

Thank you for your help with the Fair. Next year I hope that even more of our homemakers will become directly involved in the various activities. We do need your help. Many lovely exhibits were entered and enjoyed by the people of Hancock County.

TO CUT HEATING BILL

The best way to cut your home heating bill - or keep it at its lowest possible point - is to avoid heating the outdoors.

Warm air rises and expands, and if there are ways for it to get out of your house it will. Here are some tips that may help you cut the cost of heating.

First, insulate. Insulation is a relatively inexpensive material and a properly insulated home has little heat loss. Place 4 to 6 inches of insulation between the ceiling joists in the attic. Fill spaces between walls. Also put insulation between floor joists under all

rooms that cover unheated areas such as crawl spaces.

Use storm windows and storm doors. You can substitute clear vinyl or plastic sheetings if you wish. Secure sheeting to outside window trims with strips of screen molding.

Keep doors closed. It's a good idea to install self-closing fasteners on storm doors.

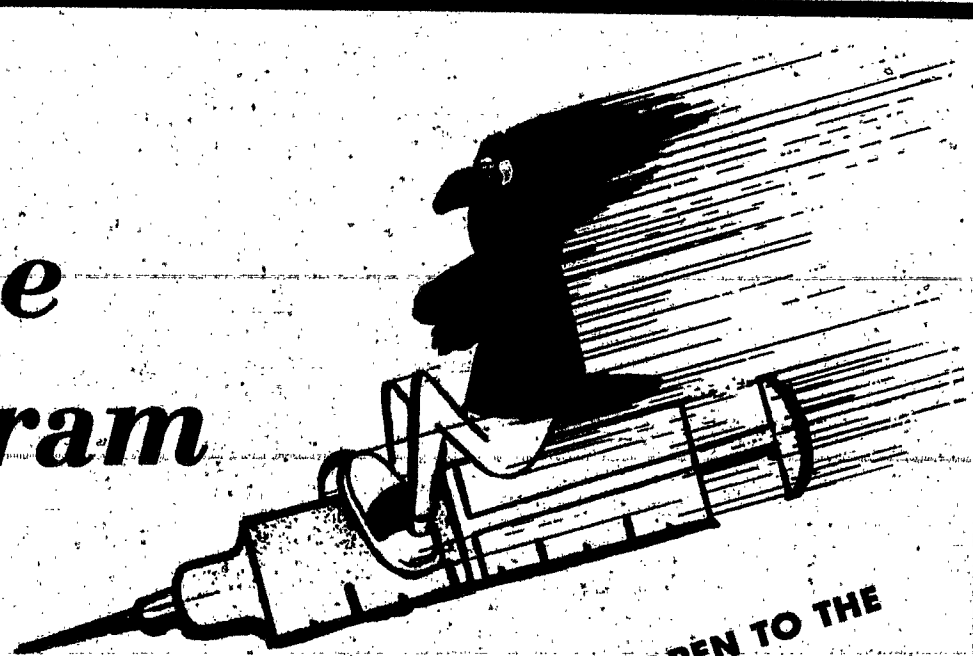

Close fireplace dampers when fireplace is not in use. If the fireplace is never used, close it off with insulating board. This will reduce the movement of heated air out of the chimney.

Replace furnace filters or clean them regularly. If filters are clean, the furnace doesn't have to work so hard to move the air; also, air circulated through the house will be cleaner.

Finally, weather strip all windows and doors. And seal any cracks with caulking compound.

Rhonda Ladner Is New Miss Flame

The annual Miss Flame contest, sponsored by the Hancock County Firemen's Assn., was climaxed by the crowning of Rhonda Ladner as Miss Flame 1974, Thursday night at the County Fair.

Miss Ladner, teenage daughter of Mr. and Mrs. Sam Ladner of Lakeshore, represented the Clermont Harbor Volunteer Fire Dept. in the county-wide contest.

George Cleary, Fire Prevention chairman of the Chamber of Commerce, announced the winner at 8 p.m. ceremonies and presented Miss Ladner with a bouquet of roses. Judy Dorman, 1973 Miss Flame, crowned her successor, Lori Voss of Waveland was first runner-up and Cathy Lancelotti was second runner-up in the contest.

The three young winners presented Association-

President Jay Marsh a check for \$1,447, total amount of funds collected by the six contestants as part of the contest activity. The money will go into association coffers to upgrade and equip member departments.

In making the announcement Cleary said, "All of these young ladies are to be complimented on their fine work and they are extended the heartfelt thanks of all firemen in the county."

A banquet is planned for Nov. 13 at the Wheel Inn Restaurant in Bay St. Louis during which additional honors will go to the new Miss Flame and her court.

At the Thursday ceremony, Miss Dorman was presented a plaque in appreciation of her year-long work for the association.

(Photo by Bob Hubbard)
MISS FLAME 1974, Rhonda Ladner, is all smiles after winning the title at ceremonies staged Thursday night at the Hancock County Fair. George Cleary, above, Chamber of Commerce Fire Prevention chairman, officiated at the crowning. Rhonda, an auburn-haired young teenager, is the daughter of Mr. and Mrs. Sam Ladner.

Our Lady Of The Gulf School News

Our Lady of the Gulf Bears football team will meet St. Paul's Rebels at St. Paul's School, Pass Christian, at 1 p.m. November 10.

Our Lady of the Gulf School will sponsor a U.F.O. football bowl Saturday, November 17, at 2:30 p.m. at St. Stanislaus Stadium.

Events will include the game, Bears vs. B. J. Raiders of Hattiesburg; and half time activities by the Moon People.

Space age refreshments will include flying saucer doggies, Martian munchies, Moon-beam cup cakes, comet candy and planet punch.

Utilization Specialist from Mississippi Authority Jackson office for Educational T.V. will be guest speaker at O.L.G. P.T.O. meeting scheduled for 8 p.m. Thursday, November 15, in the school cafeteria.

Mrs. Patterson will demonstrate various types and levels of educational programs; she will also bring special audio tapes and Educational T.V. equipment.

All parents are urged to attend and are invited to visit the learning festival display where arts, crafts, kits and various other articles can be purchased.

Mrs. Lawrence Hopkins and Mrs. Robert Compretta represented Our Lady of the Gulf at St. Stanislaus' workshop Wednesday. Today O.L.G. teachers viewed a special educational film, Classroom Without Failure, at St. Rose De Lima School.

A learning festival will be held at O.L.G. School November 14, 15 and 16 from 9 a.m. to 2:30 p.m.

All materials consisting of arts and crafts, learning materials, chemistry sets, Christmas tree ornaments, creative kits, arts and science kits and a number of other items will be on display and offered for sale.

Parents are invited.

Miss Aguzin Receives Rotary Fellowship

Rebecca Ann Aguzin of Waveland has been named a recipient of the Rotary Foundation Graduate Fellowship award, according to an announcement by the Bay St. Louis Rotary Club.

The Fellowship award is granted annually to outstanding students or teachers for one year of study in a foreign country. Recipients of the awards act in the dual capacity of student and unofficial "ambassadors of good will" to serve as bridges of understanding between peoples of their homeland and host countries.

Since the program's inception in 1947, over 6,000 young ambassadors of good will have traveled to other

countries from their own lands for up to a year of study.

Each award covers the transportation and living costs as well as all educational expenses. It is one of the most lucrative fellowships for foreign study available. The competition is stiff, assuring that the recipient is outstanding.

Miss Aguzin represents District 684 of Rotary, which embraces Louisiana and Mississippi, including the Bay St. Louis Rotary Club, who proposed her. She will attend the University of Newcastle upon Tyne, Newcastle upon Tyne, England where she will study linguistics and language at a graduate level, during the scholastic year 1974-5.

Newcastle upon Tyne is just south of the Scottish border. Miss Aguzin's home is at 118 Dane Road, Waveland.

Currently she is teaching English at an Air Force base in Germany. Prior to that she taught English, speech and journalism at Bay Senior high.

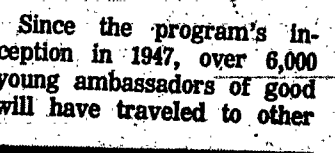

She received her B.S. degree from Louisiana State University at Baton Rouge in 1971 after graduation from St. Joseph Academy at Bay St. Louis in 1967. Following graduation she taught at Bay High and spent her summers pursuing graduate level studies at the University of Texas at Austin, where she received her M.A. degree in August, 1973.

She was on the Deans' List (3.5 average or above) at LSU and was named Bay High School's Star teacher for 1972-73, given by the Mississippi Economic Council to the teacher who has most influenced and inspired the schools' outstanding student.

She also received a National Council of Teachers' Commendation Certificate for her work at Bay High.

Miss Aguzin plans to work on a Ph.D. in linguistics and language to be able to better teach students with various levels of command of English. She hopes to develop programs to help those students who cannot express themselves adequately in the standard dialect - particularly those students who have been labeled under-achievers because of their lack of command of the language.

The Bay St. Louis, Mississippi Rotary Club is very proud to have proposed and participated in the selection of such a fine recipient of the Rotary Foundation Graduate Fellowship Award. We know she will represent both Rotary and her country in an outstanding manner.

REBECCA AGUZIN

Tender Loving Care

Director of Nursing Service, Denise MacDowell, has taken a three weeks leave of absence to be with her daughter Catherine who gave birth to her second son last week.

Denise also plans to spend some time with her daughter Margaret who will shortly be undergoing surgery.

The halls of HGH are busily buzzing once again now that the Pepperdene Wing has temporarily been reopened to accommodate the present overflow of patients.

Marie Favre, dietary, has returned home after undergoing surgery and is well on her way to recovery. We wish her a speedy recovery.

Housekeeping welcomes Betty Marie Crossadale.

Span (each unit)	16	Each	
Guard Rail (Beam Type) Complete in place	152	Lb. Ft.	
Treated Timber	4.5	M.B.M.	

NOTICE OF SUBSTITUTED TRUSTEE'S SALE

Whereas default having been made and now existing in the payment of certain indebtedness described in and certain of the terms and conditions of said deed of trust, made, executed and delivered by Maurice Summers and Lena Summers on April 3, 1973, in favor of International Real Estate Corporation, Beneficiary, and Trustee Moore, III as Trustee, which said deed of trust is of record in the Record of Mortgages and Deeds of Trust on Land in Hancock County, Mississippi, and;

Whereas the said deed of trust provides that the Holder, Republic Finance of Mississippi, Inc., may at its pleasure appoint a substitute trustee, and whereas the holder in the exercise of this right, has duly appointed Bruce Cornell as substitute trustee, said appointment being a valid deed of trust, dated October 15, 1973, and being on file in the office of the Chancery Clerk of Hancock County, Mississippi;

Whereas Republic Finance of Mississippi, Inc., the owner and holder in the indebtedness secured thereby, having requested said Bruce Cornell, substitute trustee, to foreclose said deed of trust and to sell the property therein described;

Now, therefore, I, Bruce Cornell, Substituted Trustee, will on Monday, the 3rd day of December, 1973, within the 2nd day of December, 1973, within the Courthouse Door of the County Courthouse of Hancock County, in Bay St. Louis, Mississippi, offer for sale and sale at public outcry, for cash, D. the highest and best bidder therefor, the land and property described in and conveyed by said deed of trust and described as follows, to-wit:

Commencing at the S.E. Corner of the NE Quarter of the NE Quarter of the NE Quarter of Section 19, Township 6 South, Range 14 West, Hancock County, Mississippi; thence North 26 feet, more or less, to a stake set, within the North boundary line of a gravel road, thence West 312 feet along the North boundary line of said road to a stake set for the place of beginning of the land conveyed; thence North 26 feet to a stake; thence West 150 feet to a stake; thence South 212 feet to a stake; thence East 150 feet to the place of beginning, containing one (1) acre, more or less, and being a part of the SE 1/4 of the NE 1/4 of the NE 1/4 of Section 19, Township 6 South, Range 14 West, Hancock County, Mississippi.

The undersigned trustee will sell and convey only such title as he is vested in him as such trustee by said deed of trust.

Dated, signed, posted and published this 8th day of November, 1973.

Bruce Cornell, Substituted Trustee
11-8, 11-15, 11-22, 11-29-73

BASIS OF AWARD

The award, if made, will be made to the lowest qualified bidder on the basis of the quantities in the proposal.

Plans and Specifications are on file in the Office of the County Engineer of Hancock County in Piquayune, Mississippi. Plans and proposals may be secured from the County Engineer at P.O. Box 135, Piquayune, Mississippi, upon payment of \$15.00 which will not be refunded.

Certified check or bid bond for five percent (5 percent) of the total bid payable to Hancock County must accompany each proposal.

The Board reserves the right to reject any or all bids. Certified check or bid bond will be returned immediately to unsuccessful bidders. Bidders are hereby notified that any proposal submitted by bidders qualifying in any manner the condition under which the proposal is tendered will be considered in making the award.

A performance bond in the full amount of the contract will be required of each successful bidder.

The contractor will be required to pay wages in accordance with and meet other conditions of the Davis-Bacon Act, and to meet conditions of employment under applicable laws.

Attention is called to the fact that contracts exceeding \$25,000 require contractors to be licensed under applicable laws of the State of Mississippi and have a certificate of responsibility.

John D. Rutherford, Jr.
Chancery Clerk
11-4, 11-15, 11-22,

ADVERTISING FOR BIDS
CITY OF BAY ST. LOUIS, MISSISSIPPI</

Accident Victim Still Hospitalized

Mrs. June Rounds is still hospitalized at Hancock General Hospital with injuries received in Oct. 18 automobile accident on North Beach drive in Bay St. Louis. Sudden mechanical malfunctioning of the auto caused Mrs. Rounds to lose control of the car and crash into a utility pole beside the road, she reported to police. Through erroneous information received from the Bay police department, Mrs. Rounds was identified as June Johnson in the Echo story of the accident.

Soloists Selected For Messiah

George True, Pearl River's chorus instructor, announced Monday the selection of four students as soloists for the December 12 production of the "Messiah."

The three sophomores and one freshman chosen were Gordon Alford, bass; Monica Smith and Toppie Steffel, altos; and Mark Fite, tenor. There are three small recitatives for sopranos still open and all those interested are encouraged to contact True.

The chorus is also planning to present Christmas programs for surrounding high schools in early December and to attend a Junior College Choral Festival sometime next semester.

Div. Holds Change Of Watch

Division III of the U.S. Coast Guard Auxiliary District Eight held its annual "Change of Watch" meeting at the White Pillars restaurant in Biloxi Sunday.

Outgoing Captain Edward H. Huck was the Master of Ceremonies. The Flotilla Commanders of the Division unanimously elected District Courtesy Motor Boat Examiner Edson Wilcox, as

its 1974 Division Captain. Commander John Bargar of Flotilla 33 was also unanimously elected Vice-Captain.

Flotilla 38 under the Command of Ed Reynolds hosted the meeting at which a buffet luncheon was served. Visiting dignitaries included National Commodore Kelvin Mitchell and U.S. Coast Guard Lt. Commander Don Liedke.

Dr. Harvey's Troupe Goodwill

Combo For Jax State

One of the most active ambassadors of educational goodwill in and around the Jackson community is Dr. Harvey's Troupe, a Jackson State College song and dance group which spellsbinds audiences all over Mississippi. Dr. Harvey's Troupe's audiences have ranged from grade school students to high school students to collegeans to various adult groups who have had the good fortune to witness their enthralling performances.

Dr. Maria Luisa Alvarez Harvey, associate professor of Spanish at Jackson State College, is organizer, director, and choreographer of the Troupe, whose specialty on any given day includes traditional Mexican folklore songs and dances. The members of the Troupe come from practically every field of study offered at Jackson State with, until recently, the notable exception of the languages. Now, there is a Spanish major affiliated with the group, rounding out its diversity.

The students in the Troupe receive neither academic credit nor financial remuneration for their diligent participation; nevertheless, they faithfully adhere to the two basic requirements set forth by Dr. Harvey—regular attendance at the practice sessions and good academic standing.

The Troupe is open to all

(USM Photo Service) IS THAT REALLY ME?—One coed at the University of Southern Mississippi finds it hard to believe—is that really her picture in the annual? The Southerner, just out, has 383 pages and contains photos of students over the campus couldn't wait to scan it. From left, this group includes Harry Joe Thornhill, Tylertown; Sandra Henley, Bay St. Louis, and Cindy Weber, Yazoo City.

Music Auditions Open At Miss. College

Students from Bay St. Louis who attend the annual High School Day program at Mississippi College Saturday, Dec. 1, will have the opportunity of auditioning for music scholarships, according to Dr. Jack Lyall, chairman of the Division of Fine Arts.

"We want anyone from the Bay St. Louis area who is interested in auditioning for a scholarship in our department to be prepared to do so when they come visit with us on

High School Day," said Dr. Lyall. The auditioning sessions will be divided into six separate categories—organ, piano, voice, band, theory and church music.

"Students interested in these categories should contact the faculty member in charge, with the actual auditions coming during the second departmental sessions starting at 11:30 a.m.," continued Dr. Lyall.

"The music audition are an important part of the overall High School Day program," continued the division

chairman, "and we anticipate a good response in the various areas." Registration for the special day begins at 9 a.m. in Nelson Hall and a full schedule of activities will follow under the leadership of Student Body Association co-chairmen Lee Dukes of Clinton and Annette Forsythe of Biloxi.

Unit System Meetings Successful

The Mississippi Economic Council has concluded its second week of statewide sessions on the county unit system.

"We were very excited about the turnout (for the meetings) and the interest of the audiences in the unit system," said MEC President J. C. Redd of Jackson.

Redd said the Council is convinced the meetings are being effective.

"Our efforts in these meetings are aimed at bringing the unit issue directly to the public," he said. "This is what we are doing. These meetings are to show the people of Mississippi and their leaders how the county unit system is supposed to work, how it is working, and what it offers a county."

Redd said the unit system is not a "threat against a county or its leaders."

"Rather, the unit system is a promise of more efficient use of a county's tax dollars in the areas of planning, construction, purchasing, and financing of roads," Redd said.

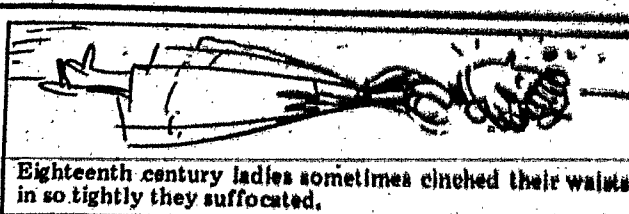

Don't Let Them Die

Some children, think drought and famine are the normal way of life.

Over five successive years of drought in West Africa have destroyed most livestock and crops, bringing malnutrition, disease, and death. Six million people may be facing starvation.

Aware Americans can help through the United Nations Children's Fund, whose child-feeding program is reaching 72,000 preschool children and new and expectant mothers in Mali, Mauritania and Senegal, and soon in Chad, Niger and Upper Volta.

Eighteenth century ladies sometimes elined their waists in so tightly they suffocated.

Sewer Plant . . .

(Continued from page 1-A)

from funds forthcoming from EDA and EPA.

In other business before the council, city engineer Clarence Evans said that he was presently in the middle of negotiations with Wilcox Construction Company of Shreveport, contractor for city street pavements, which would save the city a lot of money.

"But I am not in the position right now to discuss this in an open meeting," he said.

Evans declined to elaborate any more, saying he had nothing for publication at present. Mayor Longo said that when Evans had all his information ready for the board, a special meeting would be called.

Members of the Waveland Humane Society came before the board to thank the aldermen for the construction of an overhang at the city dog pound and to request that the city also now think about constructing a metal or plastic roof over the shelter area. With colder weather approaching, the ladies said that the animals should have some protection against the cold winter wind. The council agreed to get some plastic roofing for the shelter.

HUD . . .

(Continued from page 1-A)

beneficial to a planning commission in its role of aiding communication within the community. The council indicated that there was presently no such body.

Each part of the city's application would be gone over by a different office according to Sample. In the event of any problem areas, he said, each office would report back to him, and he, in turn, would contact the city to offer assistance.

Morris said that he would be glad to come down at any time to meet with B.D. Johnson, city building inspector, to work out problems in the city's housing codes, but said that he would probably have a clearer understanding of the city's individual problems after a complete application had been filed.

Mayor Carver said that he felt the council should first sit down and go over all the ordinances together to determine which were not up to federal standards.

"We certainly want to meet all federal standards as set forth by HUD," he said. Carver promised that the city would file an application within the next 30 days.

BAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY, NOVEMBER 8, 1973

DEPT. OF ARCHIVES & HISTORY
P.O. BOX 571
JACKSON, MISS. 39205

SECTION B

PAGE 1

Baxter-Turfit Vows

Mr. and Mrs. Joseph Clay Baxter Jr. announce the marriage of their daughter, Laurie Lisa, to Thomas Jacobs Turfit Jr., son of Mr. and Mrs. Turfit Sr., Greenville, Miss., October 27 at Our Lady of the Gulf Catholic

Church. Very Rev. Gregory Johnson, pastor, performed the double ring ceremony. Miss Lynn Wade, Bay St. Louis, attended the bride as maid of honor and Kenneth Turfit, brother of the groom, served as best man.

Following the ceremony a reception was held at the home of the bride's parents on Highland Drive.

The bride and groom will continue as students at Mississippi State University, Starkville, Miss.

Club Calendar

Bay-Waveland Humane Society, Inc., will hold its monthly meeting at 7:30 p.m., November 13, at Ramada Inn, Waveland.

American Legion Ladies Auxiliary will meet at 8 p.m., Monday, November 12, at the American Legion Home at which time all past Auxiliary presidents will be honored. All members are asked to attend.

Bay-Waveland Garden Club will sponsor a Flea Market Saturday, November 10, from 10 a.m. to 2 p.m. at the Garden Center on Leonhard Avenue. The public is invited.

Shower For Miss Morel

A recent bridal shower honored Miss Susie Morel, who will wed David Slocum November 17 at Our Lady of the Gulf Catholic Church in Bay St. Louis.

Hostesses at the evening affair included: Mmes. Dan Fillingame, Michael Morel, Chuckie Morel and Dean Ladner. A color scheme of green and white was used in decorations throughout the party rooms. Guests attending included the mothers of the bride and groom as well as friends and relatives of both families.

The wedding will take place at 1:30 in the afternoon.

ALTAR SOCIETY MEETING

St. Ann's Altar Society met Monday night in the rectory with Mrs. Irene Graff, secretary, conducting the meeting in the absence of the president.

The date for the next luncheon-social was set for noon November 28 in the Parish Hall.

Plans were formulated for the group's Christmas party December 3 and for a benefit social at 7:30 p.m. December 6. Members were reminded of the garage sale to be held from 1 to 5 p.m. November 10 in the Parish Hall.

Father Canisius Hayes, pastor St. Ann Church, reported on hospitalized Parishioners and announced that all Holy Day Masses will be at 7 p.m. in place of 5 p.m. A social hour followed the business session.

MR. AND MRS. THOMAS J. TURFIT, JR.

Miss Waterhouse Feted

Miss Jeanne Waterhouse, bride-elect of Barry Richardson, was honored with a surprise miscellaneous shower Sunday hosted by Mrs. S.J. Paulina and Mrs. J.J. Lafitte Sr.

A yellow and white color scheme was used in the decorations. The honoree was presented a corsage fashioned

of sponges and measuring spoons. Also honored were the mothers Mrs. James Cousins and Mrs. E.V. Richardson and the prospective groom's grandmother Mrs. Ike Lang. Mrs. Paulina presided at the cake table and Mrs. Lafitte and Mrs. Lenz were at the punch bowl. Serving as tea girls were Misses Kathy, Patty and Nancy Toomey.

Out-of-town guests for the occasion were Mesdames L. Lenz, C. LaBarbera Mrs. J. Waterhouse, New Orleans, and Mrs. A. Benson Sr., New Orleans.

Miss Waterhouse and Mr. Richardson will be married November 24 at Lutheran Church of the Pines.

Christ Episcopal Day School News

Students on the Honor Roll at Christ Episcopal Day School for the first quarter are: Noelle Crull, Courtney Egan, Scott Parnell, Leslie Pen-dleton and Stella Wingo, second grade; Melissa Behringer, Ace Kerley, David Lamsden, third grade; Huht Vegas, Ryan Vicknair, fourth; Hibi Pendleton, Beverly Wendland, fifth; and Shelly Stewart, Lauri Wood and Lizette Woods, sixth grade.

Christ Episcopal Day School P.T.A. will sponsor a Book Fair November 14 through November 17 from 9 a.m. to 4 p.m. in Virginia Hall and after Church services Sunday.

There will be books for young and old, all interest levels and Christmas selections.

The fair is open to the public. Students of Christ Episcopal Day School will stage the annual field day November 17 starting at 10 a.m. P.T.A. members will be on hand to help prepare and serve hamburgers and other lunch items.

ON THE BEACH

Bay St. Louis

Mr. and Mrs. Buddy Cravette have recently returned from Europe. Highlighting their trip were visits to London, Ireland, Paris, and Amsterdam.

Mr. and Mrs. Charles Cantrell had as their dinner guests at the club on Friday evening, Mr. and Mrs. Ben Hay of New Orleans.

Recent house guests of The Jim Smiths were Mr. and Mrs. Bill White of Houston, Texas.

Mr. and Mrs. Paul Cutler of New Orleans were weekenders in their Kona Villa Condominium.

Weekenders in the Village were Mr. and Mrs. Syd Dufour and family of New Orleans, and Mrs. Bea Smith, New Orleans.

Miss Debbie Rice of Biloxi was visiting her father, Mr. Billy Rice.

Mr. and Mrs. Rudy Valentino of New Orleans and daughters were in the Kona Villa for the weekend. Rudy is an avid tennis player. I hear that Mr. Thomas Shelton beat George Sorenson in tennis last week. Tom and George are both sports enthusiasts.

Tennessee Gas Company held an annual banquet at the Club in the Red Room on Friday evening with 100 guests attending.

Miss Melba Messick, Mr. Melvin Soffa, Mr. and Mrs. Carl Spomer of Ocean Springs recently returned from a trip to the Ozarks. Points of interest visited were a tour in the mountains, Ozark National Forest, and the Blanchard Springs Caverns, Arkansas.

Belated double birthdays to Mr. and Mrs. Paul Milam. They also celebrated their Anniversary the same day.

Mrs. Milam has returned from Arkansas where she was visiting her mother.

Mr. and Mrs. James F. Davis of Lakeside Villa are in Nassau visiting their son at his new hotel.

The second Ladies Social Luncheon last Friday was successful with 32 in attendance for a fun day of bridge. The December meeting will feature a fall style show and luncheon.

Mrs. Darvin Hoppert and Mrs. Jeanne Stanton traveled to Tupelo recently where the Women's State Golf Tourney was held. They enjoyed a great time and have many new ideas for 1974. Tournaments when Diamondhead will host. Lou Weddington is again our State Champion and she is 21 years old. New Fall golf packages for members and their guests at our Fairway Villa Resort in Diamondhead are now ready and better than ever. Call 452-9481 for information.

The Resident Property Owners Meeting will be held on November 9 at 7:30 p.m. at the clubhouse in the TV Room. We urge the attendance of all.

permanent and part-time residents to our monthly meetings and welcome all non-resident property owners who wish to attend.

Mr. and Mrs. C. F. Farmer flew their private plane to Diamondhead from Pennsylvania. They are members of Pinehurst, North Carolina and enjoyed an evening of dining and dancing during their visit here.

SPECIAL NOTE: The Sea Coast Echo may be purchased at Mr. August's Diamondhead Standard Oil Service Station at the entrance to your convenience. My telephone will be reinstalled on November 20, so bear with me another three weeks as I collect your social news of interest.

Happy Birthday to Clarence Joseph Green, Shannon Day, Dora Jean Reynolds, Gilda Hughes, Becky Reynolds, Dana Reynolds, Loomis Reynolds, Freddie Carver, Don Necaise.

Mrs. Emma Cuevas reports that the Senior Citizen benefit was a great success and all donations were greatly appreciated.

The Senior Citizen Art and Craft Class on Nov. 13 will be canceled because the Senior Citizen Thanksgiving dinner will be served on Nov. 24 at the Community Center.

Mrs. Myrtle Byrd from California is visiting Mr. and Mrs. J. W. Hoyer.

Get well wishes to Miss Eileen Douglas in Hancock General Hospital.

The youth of Pearlington First Baptist Church enjoyed an outing Sunday at McDonald's drive-in, Slidell, La.

Pearlington First Baptist Church plans a Bee Haw Supper Sat. Nov. 10 at 6:30 as a Church fellowship activity.

I enjoyed a visit from Mrs. Mary Tillman and Mrs. Melba Kenmar of Slidell, La.

Mrs. Connie Brister, Nita

CHRIST. EPISCOPAL DAY SCHOOL students were not only treated to a special Halloween party by the school faculty Oct. 31, but they were visited by Vampira (Mrs. Marie Gouard) and a witch (Mrs. Kinta Maloney) who "came out" early Halloween day to lead the costumed CEDS kindergartners on a parade throughout the classrooms. Sixth grade teacher Lambert Boyd, left and fifth grade teacher George Demopoulos apparently weren't too frightened by the unexpected visitors. Later Halloween evening the two "weird sisters" turned up as inhabitants of the haunted dungeon on Highland Drive.

WWVETS REPORT

Veterans of World War I held their monthly meeting October 24 at the American Legion Home.

Capt. Harold R. Powell, Department Quartermaster, gave a report of the 1973 National convention held in Miami, Fla.

A report was also given by the Christmas party committee on the event scheduled for December 14.

Following the business session a covered dish dinner was served by the Ladies Auxiliary.

Daylight-Saving Kit

\$3.40

Per Month

It's all over. No more long, lazy twilight evenings after work hours. No more "extra" time for out-of-door family activities because of daylight saving time.

Suddenly, you now get home, and it's dark! Poof! Summer's gone!

What'll you do?

Get an automatic Security Light. That's one of Mississippi Power Company's modern 175-watt, 7,000-lumen mercury vapor lights. The cost? Only \$3.40, plus tax, per month when installed on an existing pole. It'll brighten up the night again. And, after you go to bed the Security Light keeps the night bright just in case of trouble.

A Security Light is a do-it-yourself daylight saving kit for all year 'round. Have one installed, soon. Telephone our nearest office for complete information.

Josie Koerner Is Homecoming Queen

Gulfview School Homecoming was held October 26 at 3:30 p.m., preceded by a parade.

This year's Homecoming queen was Josie Koerner, daughter of Mr. and Mrs. Clyde Koerner. Maids chosen for the Homecoming court were Kathy Jarrell, daughter of Mr. and Mrs. Tommy Smith; Michelle Ritchie, daughter of Mr. and Mrs. Clem Ritchie; Karen Champagne, daughter of Mr. and Mrs. Gerald Champagne; Jeanne Hoselle, daughter of Mrs. Germaine Dalgre; Dalgre.

Their escorts, all football players, were Robert Mayne, son of Mr. and Mrs. Carroll Mayne; Tim Durham, son of Mr. and Mrs. Jim Durham; Mike Smith, son of Mrs. Sissy Smith; Brian Shivers, son of Mr. and Mrs. Carl Shivers; Marlon Smith, son of Mrs. Sissy Smith.

The queen and her court were escorted from the cars to the stand by their escorts. Last year's queen, Pat Asher, a student at Bay High, crowned Josie Koerner Homecoming queen. Mr. J.D. Panton, Principal of Gulfview School, presented flowers to the queen.

The Homecoming game between the Gulfview Bulldogs and the Pearllington Rockets began at 4 p.m. The score was 24-12 in favor of the Rockets.

Pass Pirates Crush OLV Eagles

by Ted Stechmann

The Pass High Pirates used a devastating offensive attack and an unbending defense to crush the OLV Eagles 39-0 in a Pascagoula-River Conference game Saturday night.

Coach Bill Stevens used his first team to run up a 24-0 halftime lead and cleared the bench in the second half, allowing all the Pirate players to take part in the rout. The Pirate defense, which has allowed a total of only 12 points in the last five games, was once again flawless, completely shutting off each offensive thrust by the Eagles.

The first score of the game came early in the initial quarter on a 3-yard scamper

by Otis Woods. Quarterback Vic McDonald then ran the ball himself for a 2-point conversion. Later in the quarter, McDonald sent end Paul Joseph on a long post pattern and hit him with a 50-yard scoring pass. Hilton Swannier then added 2 with a plunge up the middle, and the quarter ended with a 16-0 Pirate lead.

The only score of the 2nd quarter looked like an instant replay of the previous touchdown. Once again QB McDonald found Paul Joseph running alone and speared him for the score. The play covered 55 yards, and, following a 2-point conversion, the Pirates led 24-0.

The Pirates scored early in the 3rd quarter when Perry Jenkins took a handoff and bulled up the middle for 4 yards and a touchdown. Thomas Boyd earned the fourth 2-point conversion of the night with an off-tackle plunge. Later in the 4th quarter, second-team quarterback Aaron Swannier engineered the final tally of the night. With approximately 4 minutes remaining in the game, Swannier dropped back and lofted a 30-yard Pass into the end zone. Tight end Albert Ellis was there, leaped high into the air between two Eagle defenders, and snagged the ball for a touchdown. Swannier then kicked the extra point, and the Pirates came away with a 39-0 victory.

Friday night, the Pirates, now 7-2, travel to Long Beach to take on the unbeaten Bearcats in a non-conference battle.

1973 HOMECOMING COURT for St. Stanislaus School is shown during presentation ceremonies Friday night preceding the SSC-Long Beach High game. Members of the court are, from left, Raymond Johnson, Tahirah Baker (Maid), Philip Bouchon, Cheryl Fayard (Maid), David Treutel, Debbie

(Photo by Ed Fayard) Martinez (Queen), George Krost, Maurine Necaise (Maid), Chuck Wood, and Brenda Carver (Maid). The court was introduced again and presented with favors at the homecoming dance Saturday night.

Pass Hi Pirates To Play In Turkey Bowl

By Ted Stechmann
Special to the Echo

The Pass High Pirates, runners-up in the Pascagoula River Conference have accepted an invitation to play the Ocean Springs Greyhounds in the Turkey Bowl Nov. 21.

This annual classic, sponsored by the Ocean Springs Jaycees, and celebrating its 15th year, is one of the oldest and most prestigious of Mississippi's post-season

bowls. The Pirates, 7-1 in conference play, and 7-2 overall, received the invitation following a con-

vincing 39-0 win over conference rival OLV last Saturday night.

The bowl bid marks the first appearance of Pass High in a post-season game since a victory in the 1969 Tung Bowl. Because conference rules do not allow a team with 11 regularly-scheduled games to appear in a post-season bowl, Pass High athletic director and head coach Bill Stevens has cancelled the Pass High-Harrison Central game which was to be played Nov. 17. This decision, made by both the coaches and the players,

enabled the Pirates to accept the invitation.

In a special meeting held at Pass Christian Elementary school Tuesday evening, school superintendent of schools LeRoy Lizama, along with Coach Stevens and Turkey Bowl representative Tom Oster signed the contract to play.

Also present at the signing were assistant superintendent of schools George Watson, Pass High principal Harlin E. Hill, asst. principal H.T. Overby, and assistant football coach Malcolm Gordon.

Parents Join In Universal Menu Day

Universal Menu Day was observed October 17 at St. Clare School in the cafeteria. Parents were invited to bring pre-school children to join the students and faculty in the observance. Also attending were Miss Barbara Rappold, city clerk and John Longo, Mayor pro tempore of Waveland.

About 100 parents attended the affair, which was supervised by Mrs. Geraldine VonAntz, cafeteria manager.

UNITED FUND ASSISTED IN BRINGING THE SENIOR CITIZENS PROGRAM TO HANCOCK COUNTY.

OLA Faculty Challenges Student Team

The faculty of Our Lady's Academy will challenge the girls' intramural all-star volleyball team Monday, Nov. 12 in the St. Joseph Academy Memorial Gym. The game will begin at 7:30 p.m. Admission will be 25 cents to the public.

Bay Jr. HI Defeats Notre Dame

Bay Junior High defeated Notre Dame Thursday night in Biloxi by a score of 28-0.

Louis Smith ran in the first TD from the 30 and the Tigers led at the end of the first quarter 6-0. Clarence Piazza recovered a fumble in the second period and quarterback Bill Ginn kept the ball and scored from the 20. Clarence Piazza kicked for the extra point and the score was 13-0.

Notre Dame lost the ball on downs and James Coe ran the punt back to the 20. Bill Ginn passed to David Rhodes on the quarterback kept the ball and ran in for another score. Louis Smith ran the following punt back 40 yards and Greg Fuch scored from the 4-yard line. The point after was good and the Tigers led 28-0.

The Tigers failed to score in the fourth period although keeping control of the ball. Bobby Coleman intercepted a Notre Dame pass to end the game.

The Tigers excellent defense line was led by Bill McCullough, Bobby Coleman, Jay Sones, Scott Thomas and David Minchew, holding the Notre Dame offense to only two first downs throughout the game.

The Tigers last game of the season will be Thursday night at Tiger Stadium against Ocean Springs.

GARAGE SALE
St. Ann's Altar Society will sponsor a garage sale Saturday, November 10, from 1 to 5 p.m. in the Parish Hall, Lower Bay Road, Clermont Harbor.

Among items on sale will be two bedsteads, one antique, dresser, salt and pepper sets from all parts of the world and many other household items, new crocheted pieces, Christmas gift ideas and clothing.

FROSTBITE REGATTA
Bay-Waveland's team ran away with the honors in the GYA Scot Class at the Annual Frostbite Regatta at Pass Christian Yacht Club November 3 and 4.

Don Chamberlain won the first race for Bay-Waveland with Walt Chamberlain and Cindy Stieffel crewing. Chris Stieffel finished first in the second race Saturday afternoon with two of her sisters, Cindy and Tracey, crewing.

Sunday morning a dense fog blew in from the Sound which threatened to end the Regatta, but the sailors' patience was rewarded as the sun broke through and after a three and half hour postponement the final race was able to be sailed.

Chuck Breath skipped the last race with Cindy and Tracey Stieffel crewing and completed the perfect score for Bay-Waveland by his decisive victory. Fairhope Yacht Club finished second in GYA Scot Class, Pass Christian Yacht Club was third.

The largest fleet in one-day competition was the Open Flying Scot Class, which was won by George Haynie of Panama City, Fla. with 34 1/2 points. In second place was Hjalmer Breit of Southern Yacht Club with 32 1/2 points. Bubby Eagan of Bay-Waveland Yacht Club was third with 32 points, and Harry Chapman fourth with 30 points.

In the nine-boat Sunfish fleet, the winner was Joel Furman of Jackson with three firsts. In second place was Leslie Weatherly of Gulfport Yacht Club. Dennis Stieffel of Bay-Waveland was third.

Finishing first in their respective classes were: Hobie 16 - Bob Whitehurst; Hobie 14 - Ben Miller; Lightning - Buck Ballatin; Laser - John Dane III; Hobie 12 - Judy Whitehurst.

SAILORS BANQUET
Quite a crowd was on hand for the annual Sailors' Banquet held Saturday evening, November 3, in the Club dining room. Captain Peter A. Morrill, Race Committee Chairman, served as Master of Ceremonies. Captain Morrill reviewed some of the highlights of the very successful racing season, attested by the presence of the beautiful Sir Thomas Lipton Challenge Cup on the head table. Special trophies were awarded to the six members who crewed in the Lipton Regatta: Ellen Eagan, Chris Stieffel, Ann Stieffel, Chuck Breath, Cindy Stieffel, and Jim Holmes.

A new perpetual trophy was presented to the winner of the Jordan River Race, Woody Stieffel, and his crew, Mary Kergosien and Ed Turnipseed.

The program was turned over to Harry Chapman, Regatta Chairman for the Bay Waveland Sunfish Championship, to present the trophies for this event. The winners in their separate divisions were:

TYKE CLASS - Harry Chapman, Mark Ladner, Matt Stieffel

JUNIOR CLASS - Peggy Chapman, Gigi Staehle, Randy Santa Cruz

A-CLASS - Rod Stieffel, Mimi Eagan, Ricky Flanders

TEEN CLASS - Elizabeth Chapman, Ellen Eagan, Chris Stieffel

LADIES CLASS - Ann Stieffel, Weezy Kennedy, Diane Ladner

SENIOR CLASS - Marc Eagan, Charlie Staehle, Harry Chapman

HEAVYWEIGHT CLASS - Charlie Staehle, Basil Kennedy, Pete Morrill

The BWYC Championship Plaque was presented to Gigi Staehle as winner of the Race among the champions in each division. Receiving the runner-up plaque was Marc Eagan; third place plaque went to Ellen Eagan.

The Sportsmanship Award was given to Dennis Stieffel. Mrs. Grace Santa Cruz and Mrs. Vicky Staehle were commended for their tireless efforts in keeping Sunfish racing alive throughout the summer on Thursday afternoons. Plaques were presented to the three most outstanding skippers based on

participation, high scores, and good sportsmanship, and these awards went to Edgar Santa Cruz, Gigi Staehle and Dennis Stieffel.

Mrs. Ray Stieffel presented the Bay Bourbon Trophy to

Elizabeth Chapman, BWYC skipperette champion. The winners of the Flying Scot crew awards were first place, Chris Stieffel; second, Ed Turnipseed; third, Cindy Stieffel; fourth, Ellen Eagan. Commodore Ray Stieffel assisted Captain Morrill with the following presentations: C. A. Breath Memorial Trophy to the outstanding Junior Skipper, Edgar Santa Cruz. Second in the Junior Class was Ricky Flanders; third, Rod Stieffel. Commodore Pepperdene

Trophy to the outstanding Skipper in the A-Class, Mimi Eagan. Second place was Ellen Eagan; Jim Holmes was third. Cock-Of-The-Walk to the top Expert Skipper, Marc Eagan. Undeclared in 1973! Second in the Expert Class was Woody Stieffel; Chuck Breath was third.

BOARD OF GOVERNORS' MEETING - Friday, November 9, **CARD PLAYING** every Thursday at the Yacht Club

from 1:00 P.M. till 11:00 P.M. Poor Boys will be served between 6:00 and 8:00 P.M.

BAIL THE BILGE - Saturday, November 10. Hosts will be Mr. and Mrs. Gus Ugram, Mr. and Mrs. Edward Brennan, Mr. and Mrs. W. Ray Gordon, Mr. and Mrs. Walter Gehrke, Mr. and Mrs. John Ryan, and Mr. and Mrs. Russell Chapman.

Ladies Luncheon - Wednesday, November 14, at 12:00 noon. **FLYING SCOT** race from

Pass Christian Yacht Club to Bay-Waveland Yacht Club Saturday, at noon.

Echoes

Mr. and Mrs. E.J. Arceneaux spent Wednesday with his sister-in-law Mrs. Leta Arceneaux in Morgan City, La., and visited over the weekend with their son-in-law and daughter Mr. and Mrs. J.H. Bonck in New Orleans.

KANTCHA KETCHUM

By L.S. (Doc) Elliott

After a week of perfect fishing weather rain came Sunday night and the weather turned cooler Monday.

The weather was also good for squirrel and dove hunting which seasons are now open. Both fresh and salt water fish were caught over the weekend, plus red fish and flounders.

Red fish seem to be everywhere. They are being caught by trolling, and with both dead and live shrimp.

Did you know that smashed small hard shell crabs make an excellent bait for red fish? While on the subject of red fish an excellent way to scale them is with a tablespoon upside down run under the scales, according to Bill Griffin, Jr. Bill flies sea planes out of the Houma, La. area. Has been catching plenty red fish and speckles.

Was interesting talking to Donald Baker who has just returned to the Bay from Russia. Donald has made two trips around the world. Just came home to get ready to hunt ducks, deer, etc. He spent nine and a half months at sea. Donald is the son-in-law of Bill Griffin. Went squirrel hunting over the weekend. Don't know how many he got.

Dove hunters stated that quite a few doves were in the fields. Seems like the second segment of the season will be better than the first. Mourning doves breed from the southern Canadian provinces to Mexico. Doves are probably as abundant today as they have ever been. They are highly migratory, wintering in the southern states and in Mexico. During the long breeding season a single pair may nest six times. Mourning doves are very important game birds. Fly fast and are hard to hit on the wing.

Archie Diebold was telling us that his father was with the L.A. Conservation Service for years. When young Archie lived at Pas-a-Haute five miles below Pilot Town where he went to school on the Mississippi. He now lives in Waveland where he fishes with his buddy, Al Champagne. Pas-a-Haute is a popular fishing and hunting section of Louisiana.

Have learned where Rabbit Island, Little Rigolets, and Counterfelt Bayou are. They are by the Rigolets along the L. & N. Railroad Bridge. Both excellent fresh and salt water fishing can be found at these spots according to Dick Mastayer and Everett Peterson. Duck hunting is not too bad, either.

Snakes are less a threat than many people believe. Obviously, no one wants to risk being bitten by one. But

regulations regarding shotguns. He quoted from the 1973-74 Louisiana Hunting, Fishing and Trapping Regulations relative to resident game bird and quadrupeds: "Use of shotguns larger than 10 gauge or capable of holding more than three shells is prohibited. The plug used in guns must be incapable of being removed without disassembling gun." The director made this statement in view of the unusual number of cases being made against violators in the Honey Island Swamp area this season.

You fishermen that go for speckle trout often forget that now is the time to catch bass (green trout). We caught 22 green trout and one red fish Sunday. Bass fishing is an art. In this part of the country believe it or not speckles, red fish and bass are caught in the same waters. A real fisherman knows when to shift over to speckles, red fish or bass. Anybody can catch speckles if they are hitting. Use a shad rig and you can catch two at a time.

Sam Benigno said he would like to go fishing but doesn't have the time. Remember

Sam "Time and tide wait for no man." You'll have to find the time.

Mulletts have been caught everywhere. They are good eating for those who like them. Small mulletts are excellent bait for speckle trout. Roe mulletts are a delicacy. Take a cast net and go get them. They are there!

SPORTSMAN OF THE WEEK - Charlie Gottschalk is well known around town and although he doesn't claim to be much of a fisherman, says he will eat all the fish anyone else catches!

CITY OF BAY ST. LOUIS BUDGET REVENUE SHARING FUNDS 1973 - 1974

Boxing Revival Off To Good Start With Bay Club

Once considered the king of sports in the Bay-Waveland area, boxing is coming into its own again in a big way through the auspices of American Legion Post 139.

A boxing club, following national AAU rules and regulations is in full swing in Bay St. Louis with 31 youngsters, ranging in age from 8 to 22, participating in a rigorous training program under coach Harvey Mitchell.

Mitchell, a former Golden Gloves champ and one-time pro boxer, takes the program as seriously as though he were training professionals, and he may well be, as Mitchell says proudly some of his boys "have real professional ability."

The program began in September at Valena C. Jones Center where the Legion had been given permission from the city, which owns the building, to use a classroom and the gymnasium for daily workouts and, hopefully, future matches with visiting clubs.

A conflict developed, however, with leaders of the Senior Citizens group, housed in the same building, as the seniors felt the boys were a disquieting element on the premises. A request was brought to the city for their ouster and in an effort to avoid any further contention, Mitchell simply moved the ring to the yard of his home at 224 Thomas St. in the Cedar Point community. There young pugilists in training turn up every afternoon at 4:30 for hard-hitting sessions which sometimes run to 7 p.m. Mitchell, who is assisted in coaching by his brother, Robert, explained that the boxing club is not just a seasonal recreation program for local youngsters.

The program remains open at all times to any young man interested in boxing, he said, which includes "Harrison county and all coast cities as well as Hancock county."

A strict physical conditioning program is part of the training, which includes a special diet tailored by Mitchell for each boy according to his size and requirements. A good breakfast and lunch are on the diet but a minimum of water or liquid intake is allowed until the boys reach Mitchell's house. A very light supper is allowed at home after the daily training session.

Mitchell turns positively pale when cigarettes are mentioned and one gets the feeling that he doesn't even acknowledge the existence of any beverages other than fruit juices or milk. Obviously the system works

as 11 club members participated in an invitational tournament Saturday night in Biloxi and the local Legion group came out way ahead of matched opponents from two Alabama clubs as well as the Biloxi club, all of whom had considerably more time in training and experience than the Bay group.

In individual matches, Robert Mitchell won by a unanimous decision over Leo Taranto of Biloxi. Darrell Robinson won by unanimous decision over Allen Arnett of Saraland, Ala.

In the third fight, Gregory Williams of the Bay dropped a close decision to Bobby Sasser of Biloxi; Mike Stringer won a decision over Lee Watts of Saraland; Donald Carver won a decision over G. Cunningham of Saraland; Paul

Williams TKO'd Kenneth Surratt of Biloxi. Two losses followed when Billy Muse was stopped in the second round by Paul Webster of Biloxi and Chuck Vincent lost by a unanimous decision to David Surratt of Biloxi. Reggie Lanoux of the Bay won by a split decision over Richard Thomas of Saraland and in the last fight of the night, the semi-main event, Lollice Bilbo of

the Bay was KO'd by David Toomer, last year's SAAU champion.

The team will participate in an invitational tournament in Kenner, La. this Friday, Saturday and Sunday at the Kenner Recreation Center on 34th St. and Williams Blvd. The first local match in Bay St. Louis has been scheduled for Dec. 1 at the National Guard Armory.

Legion Boxing Team members who attended the Saturday matches in Biloxi are pictured with coach Harvey Mitchell, left, and assistant coach Robert Mitchell.

World Championship Show- A First For State

The 1973 World Championship Appaloosa Performance Show is scheduled to be held at the Mississippi Coliseum in Jackson on November 7-10 according to officials of the Appaloosa Horse Club, Inc.

Roy Young, national field representative and show manager, said that regional clubs from at least 46 or more states are expected to participate.

Robert Blaine of Jackson is president of the Mississippi Appaloosa Horse Club, which

is co-sponsoring the event.

This is the first time the show has ever been held east of the Mississippi River and naturally a first for Mississippi. Local Appaloosa Club members, as well as numerous other horse enthusiasts, and interested persons are expected to attend.

Young estimated that there are close to 50,000 Appaloosa Horse Club members throughout the United States, and said that the organization is growing year by year.

Blaine said that tickets to the finals on Friday and Saturday nights will be numbered and that a drawing will be held for a horse trailer to be given as a door prize.

Benefit Planned At Annunciation

A turkey shoot and social, to benefit Redis and Virginia Garriga, has been announced for Sunday, Nov. 11 starting at 11 a.m. at Annunciation School in the Kiln community.

The Garrigas lost all their worldly possessions in a fire which totally destroyed their Kiln home last weekend. Donations for the turkey

shoot, which starts at 11 a.m. are \$1 each, followed by a chicken and seafood gumbo dinner for \$1.25 per person. The social begins at 1 p.m. The public is invited to attend the day long benefit, according to a spokesman.

INTERCEPTION - St. Stanislaus defensive back Joe Quartano (27) intercepts a pass intended for a Long Beach receiver. The action took place during Friday night's game between S.S.C. and Long Beach.

Bearcats Stomp Stanislaus 26-6

By Edward Favre
St. Stanislaus lost to Long Beach Friday night by the score of 26-6 in their Homecoming game. The win gave Long Beach the Gulf Coast Conference Championship as this was their last Conference game of the season.

The Bearcats put the first score on the board in the first period when quarterback Tommy McKay threw an 11-yard pass to James DiLorenzo for the TD. The extra point attempt from placement by DiLorenzo was blocked, giving the Bearcats a 6-0 first quarter lead.

Later in the first period DiLorenzo kicked a 14-yard field goal making the score 9-0 at the end of the first quarter. Stanislaus got its only score of the game in the second period when quarterback David Wier took the ball in from a half yard out. A two-point conversion attempt by Wier was no good giving the Bearcats a 9-6 lead at halftime.

After having clock trouble in the second period the coaches of both teams agreed to finish the game by playing two 14-minute quarters.

McKay handed off to Pete Price who ran for a 14-yard TD in the third quarter. DiLorenzo kicked the extra point giving Long Beach a 16-6 lead at the end of the third period.

On a bad snap from center on an attempted punt in the fourth quarter the Bearcats picked up two points by tackling Stanislaus punter Johnny Knight in the end zone, making the score 18-6.

Later in the fourth quarter Billy Arms scored on a 24-yard reverse play. Price ran for the two-point conversion to end the scoring, making the final score 26-6.

Stanislaus, 4-5, will host Stone County this Friday at Rock-A-Chaw Stadium, at 7:30 p.m.

Bay Tigers Hit 7th Win Friday

By Edward Favre
The Bay High Tigers defeated the Notre Dame 30-8 in a Gulf Coast Conference football game Friday night getting their seventh victory of the season.

All the Tiger scoring came in the first three periods. The lone Notre Dame score came in the fourth quarter.

With 3:39 left in the first period, Sam Piazza picked up a Notre Dame fumble and ran 45 yards for the initial Tiger touchdown. The extra point from placement by Piazza was good.

Tiger quarterback Mike Magee tossed a nine-yard pass to Vernon Powell for the second Tiger TD with just 27 seconds left in the first period. Piazza again made good on the extra point from placement, making the score 14-0.

On the final play of the first half Piazza kicked a five-yard field goal to give the Tigers a 17-0 halftime lead.

In the third period Hubert Seals scored for the Tigers on a three-yard run. The extra point attempt from placement by Piazza was blocked making the score 23-0.

Randy Krankey scored the last Tiger TD on a three-yard run. Mike Magee added the extra point from placement to end the Tigers scoring.

Notre Dame got their only score of the game on a 35-yard pass, David Stewart to David Martino. The two-point conversion, a pass from Stewart to Martino, was good making the final score 30-8.

Immediately following the final whistle of the game the Bay High Tigers signed a contract to play South Jones in the Pickle Bowl at Perkinson later this month.

Bay High, 7-1, will close out their regular season play this Friday night when they travel to Ocean Springs to play the Ocean Springs Greyhounds.

HNC Hawks Lose To PR Central

By Edward Favre
This past weekend the Hancock North Central Hawks traveled to Carriere to play the Blue Devils of Pearl River Central and were defeated 22-6.

The only score the Hawks could put on the board came in the first period when Don Lee took the ball in from six yards out. The extra point attempt from placement by Ricky Randall was no good.

Pearl River picked up their first score in the first period on an 18-yard run by James Smith. The extra point attempt from placement by Gary Miller was no good and the quarter ended with the score tied at 6-6.

In the second period the Blue Devils broke the tie on a one-yard quarterback sneak by Jerry Walton. The two-point conversion attempt was no good making the score 12-6 at halftime.

In the fourth period Smith took the ball in from 16 yards out for the TD. The extra point from placement by Miller was good giving the Blue Devils 19-6 lead.

Later in the fourth period Miller kicked a 30-yard field goal to end the scoring.

North Central, 1-8, will close out their season next Saturday night at Gulfport when they play the St. John Eagles.

Undefeated Wildcats End Season Saturday

Pearl River Junior College will meet the Northeast Rangers in Dobie Holden Stadium at Poplarville Saturday night to end the regular season schedule for 1973.

The Wildcats, South Division champs, will play the North Division winners, Mississippi Delta, the following week on November 17, also on the PRC campus.

Northwest, the third place team in the North division, boasting a six win and three loss record, will be trying to upset the nationally ranked and undefeated Cats.

Pearl River, injury laden for the past five weeks, will be hoping to get some of the original first stringers in the contest.

PRC took over the role as the best offensive and defensive team in the state by allowing Northeast to score only one field goal in the 20-3 Thursday night win. However, Wildcat fans were uneasy at the gate. This also excludes the James Smith led defensive unit stopped the Tigers time and time again, to set up the final two touchdowns.

Offensively, PRC has scored 243 points, Mississippi Delta 231, and Gulf Coast 228. On defense, Pearl River has allowed only 46 points, Gulf Coast 54, and Northwest 95. Mississippi Delta has given up 142 points in their nine games.

On the injured list includes Dennis O'Rear, Mike Powers, and Perry Donaldson - the first, second and third string fullbacks; J. W. Rawls, first string tailback, Steve Kelly, first string guard and Kenny Miller, defensive tackle. Reports indicate that all but Donaldson could possibly play in the Saturday night clash.

Concerning the championship game, George Vaughn Moody, director of the Mississippi junior colleges, announced that no passes except those issued by his department will be accepted until late in the final quarter as the James Smith led defensive unit stopped the Tigers time and time again, to set up the final two touchdowns.

Adult tickets will cost \$3.00 and students with ID's \$1.50.

PUBLIC NOTICE

In January, 1970, rates from United Gas was 29.11 per MCF, which was increased in June, 1970 to 31.77 per MCF. An additional increase in February, 1971, raised the rates to 32.75 cents per MCF. This represents an increase gas cost to the Utility Department of 12 percent. The City Council voted in June, 1971, to raise the rates 20 percent; however in June, 1971, United Gas again increased the rates from 32.75 cents per MCF, to 38.59 cents per MCF, or 17.2 percent reflecting a 29.8 percent increase from January, 1970, thru June, 1971, after deducting the 20 percent provided in June, 1971, increases. This left the Utilities Department absorbing 9.8 percent of the total increase during this period.

Beginning in September, 1972, United Gas was allowed by the Federal Gas Agency to pass on to their customers additional Well Head Charges, provided they did not increase their existing approved rates thru December, 1973. These Well Head Charges has increased the cost from 38.59 cents per MCF to our present rate of 42.19 cents per MCF, or an additional increase of 9.3 percent in purchase cost.

Considering the 9.8 increase prior to September, 1972, together with the 9.3 percent increase from September, 1972 to date, you can see that a total increase amounts to 19.1 percent on the purchase prices to the city. Under the above mentioned agreement between United Gas and the Federal Gas Control Agency regarding rate increases expires December, 1973. From all the information available, United Gas will propose a 2 cents per MCF increase come January 1, 1974, with an additional proposal April 6, 1974, to increase rates an additional 4.3 cents per MCF. This means that we are looking at an additional 15 percent cost increase. This increase will reflect a total increase from June, 1971, thru April, 1974, of 34.1 percent in cost on purchases.

Since the Utilities Department does not receive any support from the tax dollar, but has to rely on monies derived from sale of Gas and Water to maintain and pay off the bond obligation of the systems, you can readily see the necessity of increases to the present rates.

It is well to note that the present charges in the City of Bay St. Louis are far below our sister cities along the Gulf Coast. All of these cities have proposed rate increases varying from 20 percent to 30 percent.

It is with regrets that I have had to propose an increase. However, if we are to provide the necessary service of Gas, Water and Sewerage, along with the necessary funds to pay our bond and interest obligations, this proposed increase is the only way that this problem can be solved.

In addition to the steady increase on gas cost to the Department, the increase payments on the Bonds & Interest Department poses additional cost to the Utilities System.

In 1973, payments on Bonds - Interest amounted to \$195,851.90. The 1973 Budget provided \$123,000.00 to meet this payment. As a result, it was necessary to use \$72,851.90 from the Bond & Interest Reserve Fund to meet this payment. As a result, the Bond & Interest Reserve Account is depleted.

Bond & Interest payments due in this Fiscal Year amount to \$202,587.50. Since the Reserve Bond & Interest Fund is depleted, it will be necessary to provide this \$202,587.50 in this budget to meet this obligation. The total increase in this item in the budget over 1973 amounts to \$79,587.50.

As a result, because of these two conditions, the budget of the Utility System for 1974 will require a total of \$611,287.67 or an increase over the 1973 budget of \$191,412.84 if we are to provide the utilities to the residents of Bay St. Louis.

No funds have been provided in the 1974 budget for new construction. I am hoping to be able to complete the prior water extension and possibly to secure Federal assistance in new projects for the annexed area.
